January 2010

Unlike "other" First Ladies you may know, Penny Belvoir earned her title. And to think, she accomplished the feat in spite of who her father is. Well done!

THE END OF AN ERA

And Now a FINAL Word or Two From Our President...

Well . . . it's been a great 2 years serving as your President, but the time has come for me to step down and let some new blood take over on the Executive Board. Prior to the presidency I served as Secretary for 4 years and, in both positions, I felt honored to be such a major part of this club. I'm not exactly sure what the future holds for me in the club, but I'm not going anywhere and will be involved one way or another.

When I joined the club in 1997 the club was much different. Meetings took place in a classroom on Lockheed Martin property and we were lucky if 10-15 members showed up. We had a membership cap of 10 members for every Lockheed Martin club member and we always had to have a Martin employee on the Executive Board. Gina & Jason Young would provide snacks to nibble on as we conducted business. I'm pretty sure most meetings lasted less than an hour. Since then we've had to find new locations to hold our club meetings because we typically see 50+ members attending and it's nice to have a good meal since our meetings take place around dinner time.

I need to thank the rest of my amazing team. I've never considered myself as presidential material, so I approached this position more as a spokesperson for the Executive Board. There is no way I could have made it through these past 2 years without their dedication, advice and support.

Thanks to Mikael for his knowledge, thoroughness and his pursuit to always look for ways to make this club more proficient.

Thanks to Mickey for his professionalism, experience and allowing me to use him as my sounding board to make sure I didn't get too far out of line.

Thanks to Robert for his incredible dedication to this club, organizational skills and always trying to make sure we didn't spend too much money.

Thanks to Patrick for his love of this sport, dedication to this club and making sure the club was prepared each and every race day.

I also need to thank Bert Foschini for his time as Events Director because he has the same perseverance as Mikael and also made sure we didn't stray too far off of a time schedule. This past year he has been doing a great job as our Pit Patter editor, but we still considered him as part of our team and he offered his opinions (whether we wanted them or not) at most board meetings.

I've gotten to know these guys pretty well these past couple of years and consider them great friends. Hopefully we'll all stay in touch with one another as we move forward with our lives and racing.

I can't forget to thank all of their families for allowing these guys to take time out of their personal lives to attend every club meeting, board meeting & race day. Not to mention all the time in between with e-mails and phone calls to each other. They don't get paid for their time, but the time they put in is truly priceless.

And finally, I have to say a huge "thank you" to my lovely wife, Kim, for her patience, love and understanding for allowing me to do what I truly love to do – race and be a part of this club! She also provided me with the next greatest race car driver in the world. . . his name is Trevor. I am nothing without them!

For next year we have a new Executive Board and I have full confidence in each of them that they'll do what is best for our club and continue to provide great racing every month. We are also entering our 50th year as a club, so I look forward to some great things happening all year long.

I love being a part of this great club and I am proud to consider you all part of my family. Remember to race safe, race smart and always have fun!!!

Sincerely,

Chris Wells
2009 MSCC President

DECEMBER GALLERY

At MSCC, giving back is part of the fun.

At MSCC, safety occasionally takes a back seat.

Just your average 81-year-old, out for a Sunday drive.

Yes, boys and girls, that is a Porsche.

It is *not* easy to get your car *that* sideways, while knocking a cone *that* high into the air.

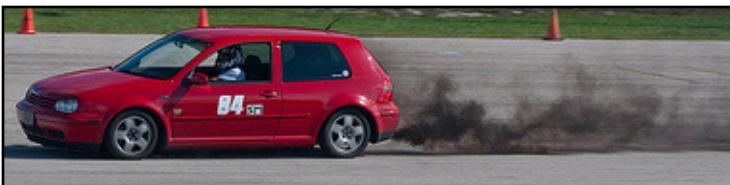

Just like at Disney, keep your hands and feet inside the vehicle at all times.

A great, great day for racin'. Just like any December day up north, right?

It's not the fastest vehicle out there, but certainly the most appreciated!

Above: "Al Gore, clean up on aisle 7." Right: Patrick decided to clean up early.

NEWS AND NOTES

- Don't forget that the cost to race, just like everything else in this world, has gone up. Beginning with the January event it will cost \$20 for members and \$30 for non-members to race. However, if you Pre-register and pre-pay at myautoevents.com you will receive a \$2.00 discount!
- For the foreseeable future there will be no cap on non-member registration.
- Remember that Annual Tech is your friend, so take advantage of it.
- The Autocross school, featuring Gerardo Bonilla, Marc Dana, Matt Ferratsuco and Chris Wells as instructors, will take place on February 20 and 21, 2010 at the Lake County Technical Center. There will be 16 slots available for the Saturday date and 15 slots open for the Sunday date. The cost will be \$120 per driver, which includes lunch. The school includes classroom discussion, as well as driving instruction from all 4 instructors. They are anticipating 24 runs, which is equivalent to half a year of Martin events. If you have to choose between new tires and this school, your money would be much more wisely spent on this school. Watch the MSCC website, e-mail blasts and the Pit Patter for details and registration instructions. The spots will fill up quickly!
- Please make sure that, during the upcoming season, you take the opportunity to host an event. It is actually a requirement of maintaining your good standing as an Active Member with the club, as well as an excellent way to earn Active Member points.
- The current SMST class will be separated into two classes: SMST4 for AWD cars and SMST2 for all others.
- Stock class cars originally equipped with 13" or 14" wheels will now be allowed to "up-size" to 15" wheels without penalty. If applicable, wheel width may be increased to 6", but no wider.
- Check the website for car class changes so that you know the class you belong in *before* registering. Other than splitting SMST into 2 classes, we follow the SCCA car classification. However, we ***do not*** allow R-compound tires in the Stock classes.
