

Pit Patter

Volume 51
Number 1
January 2011

Martin Sports Car Club is more than just a bunch of guys and gals who like to drive around in circles in parking lots, we are also a group of people who like to lend a helping hand. Our annual toy drive is sure to make this past Christmas one to remember for some kids who would otherwise have had little to smile about.

DECEMBER MEETING MINUTES

General Meeting

12/02/10

Meeting Called to Order: 7:31pm by George Bonafede

November minutes approved.

Reports:

George Bonafede - Patters received? All but **Chris Wells**, **Karel Schneider** and George Bonafede had gotten their Patters.

Bob Blucher – November race had 55 cars and a challenging course that was a lot of fun. There were a few timing issues, but even with them we finished up early with time for Fun Runs.

Ben Turner – After the all-powerful bling was added, Ben gave a financial summary of the club to explain all of the good news. We are in good shape to start off the new year.

Karel Schneider – Event went very well, no major issues, everyone did a great job loading the trailer and all went well. Discussion on the price of Fun Runs - should we make it two dollars or keep it at a buck? The consensus was to keep it a buck.

Leland Giddens – For the final time in 2010, please sign the roster.

Coming events:

January - **Justin Cady**, Karel Schneider, **Ryan Speaks**

February - The **Giddens Clan**, **Joey Maier**

March - **Kevin Abel**, **Eric Mertz**, Chris Wells, **Patrick Wilson**

April - Mini Prix: Executive Board

OLD BUSINESS:

Awards Banquet: Get pre-registered, its going to be a blast! Good food, great prizes and good times.

NEW BUSINESS:

MSCC 2011 Board

President: **Robert Belvoir**

Vice President: **Jason Stroud**

Secretary: Ryan Speaks

Treasurer: Ben Turner

Events Director: Karel Schneider

Night Autocross: A motion has been made to look into putting on a night autocross at either the Lake County site or at OCCC in the future.

Domain name for MSCC website: The .net domain site is up on the 29th of December 2010 and we need to look into repurchasing the .com site or see how much it would cost to reroute the .net site to the .com site.

Travis Turner is going to see what is available. Thank you Travis!

Workers Lane: Discussion took place about having a true separate Workers Lane at the events. The Workers line needs to move along quicker.

Mikael Edstrom has volunteered to try a new run order in January to address this issue.

DECEMBER MEETING MINUTES

Food service at MSCC events: Bruce and the Pink Pig will not be returning and at this time we have no food vendor. If anyone has any suggestions please let us know. Steve Taylor announced that he may have a lead on a possible option. Thank you so much, Steve!

50/50 raffle - \$13 Won by Chris Wells. Congratulations Chris!

Adjourn: 9:03pm

PARTING IS SUCH SWEET SORROW

2010, what a year.

The club turned 50 and so did I. At the beginning of the year I thought how cool would it be to win Tiger during the year of the 50/50. Believe it or not, my work schedule would be one of the reasons I ended up where I did in the points. Because of the lack of time to load the Miata I ran the Boxster most of the year, which was never the plan. I bought the Miata to race in place of the Boxster. I was going to run the full year in DP, but ended up running in SMST2 most of the year, which had some of the largest class numbers for the year. I had to throw in one event in CSP, just for fun, and was somehow labeled a "cheater" for showing up with new A6's. Not sure how buying new tires turns one into a cheater, but I guess, for some, that's how they saw it. I know it was all in fun, though.

A bonus for me was being elected as VP at the end of 2009. To share the board duties with George, Ben, Leland, and Karel was an honor. I know, because of my work schedule, I wasn't always in attendance, but the board picked up the slack and made my life a little easier. I'm not going to single out any one person to give kudos to as the club is full of members that go over and above the call of duty. That's one of the reasons this club has been successful for an amazing 50 years. So, a big thumbs up to the club.

As a note - I would like to take this opportunity to apologize for my actions during the first (Spring) Mini Prix held at OCCC. There was really no good excuse, but the lack of sleep from working several long days before the event and the constant changing of which lots we could use took its toll on me. Several people were only trying to help and I said some things that were very inappropriate. Again, later in the day there was a discussion about sound control and, again I reacted and said some things that I regret. So, please accept my apology.

I originally joined the club back in the early '80's and nothing has really changed since then. Sure the cars have switched from wooden wheels to more exotic materials, but the competition is still there. The club was a family back then and still is today. I'm just sorry that I lost touch for awhile and I'm about to do it again, though it will be a much shorter period than last time. As many of you already know, in January I'm off to Singapore for most of the year, so my racing season will consist of whatever I can find on TV and watching the forum and the MSCC website to check out who's doing what. Unfortunately, I will not be there when the F1 show rolls into town. I'm not sure when I will turn a wheel again, but more than likely it won't be until sometime in 2012.

So, in conclusion, I will miss all of you and especially Kathy, my family, and my dogs. To leave them behind for an extended period of time was not an easy decision and I will be counting the days until I get back home.

Have a safe, fast and fun 2011 and thanks for a 2010 to remember.

POINTLESS RACE REPORT

By Matt "Foo Foo" Ferratusco

Your Pit Patter editor, Bert Foschini, was donning his Fez at his initiation into the local Shriners club on the day of MSCC's December Pointless event. His prior commitments meant writing the race report was a tall order for him – too tall to conquer, in fact, for a man never short on words. A man in need of rescue, Bert solicited my literary prowess to relay the story of the Pointless event to you. I profess I also was not in attendance on that cold winter's day, but with no Fez tassel dangling in front of my eyes, I will use powers of deduction to tell each driver's story in a fashion that would make Sherlock Holmes proud.

This Pointless event commenced just a handful of hours after we gathered for a lavish celebration to honor those who stamped their tire tread on class championships this year. Those who kept themselves to imbibing on libations of the lower-octane type were able to drag themselves to the Lake County Tech Center before the break of day, intent on wheeling their chariots between the cones one last time in 2010. Forty-three drivers and two unidentified flying drivers – IFDs, more on this later – braved the cold and fought off the wind with the heart and dedication only a true racer possesses. Ominous clouds of doom lingered on the horizon and threatened the existence of this final event of the year.

The lack of warmth or points couldn't hold back eight eager beavers from attempting to become fastest newbie since the first of December. This month's Novice class represented a diverse range of cars, as we usually see in this class. In the end, a Honda Fit fit its way between two tiny Miatas, but it was the big block of James Long who piloted his sweet 1963 Chevy Corvette to honors of fastest newbie of the month. For the easily amused, check out the pattern of car makes in order from first to last.

Bruce Abbott loses to nobody. This month, that was the case literally and figuratively. Abbott really did lose to nobody this month, and that nobody was the first of our unidentified flying drivers (IFDs). No, it's not my brain that is frozen, it's the frozen computer circuits that generated the race results, which show a Honda Civic Si taking the class victory at the hands of, well, no one. That ought'a save the club a few bucks in trophy name plates.

George Bonafede followed the Pointless event custom of trying something new. George had probably never seen an engine mounted sideways until December, when he co-drove Ben Turner's Mini Cooper to an H Stock victory.

The Pointless event saw E Street Prepared stocked with a lot of

POINTLESS RACE REPORT

horsepower, a lot of off-courses, and a lot of 6s in the car numbers. But all of that is pointless, because the highlight of ESP was the sudden re-emergence of the crazy Brit – Mark Goodall. Nobody could've have used their ESP to foresee that. Mark cruised to an easy class victory.

Please turn your attention to D Prepared. If a heads-up penny were found by anyone on this chilly day, it was by none other than Penny Belvoir. (That was funny, why aren't you laughing?) They say good things come to those who wait, those who persevere, and those who don't hit cones. Proving these mother's tales true was Penny – the shy, quiet, innocent lad who defeated daddy for the first time in her autocross career! Something tells me Robert wasn't singing Katy Perry songs all the way home this time. Penny also came oh-so-close to winning her class, but Fred Hoover pulled the Hoover Maneuver and sucked the win right out of Penny's hands by a mere fraction of a second. That sucks. But let's not let that small fact suck the life out of the real story here – Penny beat her father! And remember, autocross is the only place where such domestic abuse is legal. Honorable mention goes to our second unidentified flying driver (IFD) of the day, who piloted a Mazda Miata to 4th in class behind Robert. Way to go!

The Street Touring classes told a few stories. Kevin King continued his dominant reign as King Rookie, defeating Colm Roe in STS. Brandon Kalarovich must have teleported himself to the STX victory because according to the results he drove absolutely nothing. And finally, in STR, Ryan Speaks wedged himself into a Mazda Miata using a shoehorn and bacon grease and drove the 4th fastest run of the day. The gentle giant is one fast guy.

The final story of the day comes in SMSTEvo, where Hien Nguyen by a narrow margin over friend Oliver Yao in the all-Mitsu class.

Worthy of mention is the return of super duper fast driver Mickey Gauldin to the top of the overall time charts, notching the Top Time of Day honors by 3 tenths of a second over Hien Nguyen. If Mickey were any hotter behind the wheel they'd call him Scauldin' Gauldin. (That was also funny, why aren't you laughing?)

While we autocrossers are a resilient bunch, the nippy air proved too much for the timing computer to process. The short-lived autocross was plagued by short circuits and frozen circuits, and one heck of a rain storm that cut the event short after two runs. It was a fitting end to a year that began with ice on the course and was interrupted by monsoons in the late summer. It is also ironic that Bert Foschini was not in attendance at the shortest event of the year. Have a fantastic Kwanzmasukah and Happy New Year folks, and we'll see you next year to kick off yet another season of juvenile antics behind the wheel!

(Please note that the results are incorrect, and pointless!)

FROM YOUR NEW PRESIDENT

Hi Everyone,

The end of one season and the beginning of the next. Are you ready? Is your car ready? Now is a great time to do all of your car's preventative maintenance. New tires, change fluids, check suspension joints and alignment, etc. Also check your seat belts, harnesses, and helmet. Your helmet must be DOT certified and those with a SNELL rating are recommended. You should be able to get a SA2005 for a reduced price.

I hope your Holiday season was great and I'm looking forward to a really good year with some non-autocross events thrown in. Is there some different kind of events that you would like to host? Please let me know.

Your 2011 President,
Robert Belvoir

A FEW PARTING WORDS

2010. What a year; and what a decade.

Our club started the year struggling to survive financially, due to what will most certainly be coined 'The Great Recession' by future generations. It persevered its way through the year; like the proverbial Phoenix, rising from the ashes. We also celebrated a huge milestone in reaching our 50th year of existence. A big "Thank you" for the hard work and determination of our 50th anniversary committee, consisting of Robert Belvoir, Kim Wells, and the visionary of the celebratory weekend we recently had in October - Chris Wells. Thank you very much guys & here's to another 50 years. Their grit & determination to put on one hell of a weekend was a reward to all of us that were fortunate enough to have participated in the festivities. It was great to see some old, dear friends that made their way back to us - even if it only for a short, sweet slice of time.

We deepened the synergistic relationship we have with the FL Citrus region Porsche Club that was vitally instrumental in acquiring a fantastic new Mini-Prix venue at the Orange County Convention Center. This site allowed us to, once again, conveniently centralize our Mini Prix back in the Orlando area, and allowed us to do so very economically. Thank you Dave O'Neil, Bert Del Villano & the PCA for allowing us to ride on your coattails.

We relaxed some of the barriers we had to set in place during the boom times, where we literally overflowed our Tavares home, so that we could open our arms to new enthusiasts who may have been a tad intimidated by our strict procedures. Some of you reading this might one day be future custodians of this tenacious little club; if you're fortunate enough to associate yourself with this wonderful organization & the people that comprise it. We tried new things, sometimes on-the-fly (and not always successfully at that), to continue our usual M.O. of always trying to innovate & improve our ways. Granted, we sometimes held to long-standing traditions, but we are open-minded when the need arises.

We are constantly evolving to be progressive and to ultimately better ourselves, but we steadfastly & fiercely remain independent. I personally feel this will continue as long as our club exists. Be proud of that. As we look to welcome the 2011 season & beyond, rest assured we have a very bright future ahead of us. We have some new, never-served Board members in our VP, Jason Stroud, and Secretary, Ryan Speaks; welcome to the future of our club, guys. We also have a first-time (and it's about time!) President in Robert Belvoir. Returning is our king-of-bling Treasurer, Ben Turner & gregarious Events Chairman, Karel Schneider. HAVE AT IT GENTLEMEN!!!

On a personal note - I have had the true pleasure of serving on the Board eight of the past 10 years; as President for five of those years, since joining the club as an official member back in '97. I had occasionally participated over the years prior to that, but the club, and specifically its people, made an MSCC stalwart out of me. I have true pride in this club, and all it has accomplished & overcome; especially since we found ourselves kicked to the curb by Lockheed Martin after that fateful day in September 2001. The only way we survived was the passion of the PEOPLE that were (and still are) the foundation and backbone of this great club of ours. I have made friends that I'm sure will last a lifetime, and I consider all of you my extended family. We always seem to be there for one another. As my family has come into existence (AND GROWN THIS YEAR!), I need to take a few steps back to focus on them, and also to concentrate on the professional aspect of my life in the transition to my new firm. I am not leaving MSCC, I'm just merely stepping into the background that is the Martin Sports Car Club.

Thank you for letting me be a part of your family...

NOW THEN - let's enjoy 2011!

- George Bonafede
