# FEBRUARY MEETING MINUTES

#### <u>General Meeting Minutes</u> <u>Thursday, February 3, 2011</u>

- **Robert Belvoir** Everyone get their patters? Yes? January meeting minutes approved. (I [Jason] forget who seconded the motion, I was eating my pancakes at the time, sorry). Robert went over upcoming events and presented 2010 Active Member shirt to **Fred Zimmerman**.
- Jason Stroud Everyone check their names on the roster? Yes? Good. The January event went well with no problems in registration or timing. Good job all. Copies of the 2011 rulebook are handed out.
- **Ben Turner** Ben got into character and went thru various incomes and expenses for the month. Current balance is \$4720.

#### Karel Schneider - Absent

#### Ryan Speaks - Absent

#### Old Business:

- Annual Tech Forms will be available at registration and on website. No annual tech was taken during January event due to **Patrick Wilson** and Fred Zimmerman both being absent.
- Mentor/mentee program Mickey Gauldin and Patrick Wilson objected to the program being mandatory. Mikael Edstrom asked that mentor and mentee work schedules be coordinated better. The general consensus from the membership is that program shouldn't be mandatory for novices. Walter Maier interjected and said he thinks the program is excellent.
- Robert complimented **Steve Taylor** on good looking Pit Patters and business cards.
- Sennent Williams will be selling food thanks to Steve for setting us up with him. Need to make sure he has adequate space to park.
- December event credit it was announced it will expire at the March event.
- Belvoir Bucks have expired. It was announced that all trophies and Benjamin bucks must be picked up at event by the winner or a designee.

#### New Business

- Mini-Prix Will not be in April; probably end of May or early June. We're still investigating sites and dates.
- No punch cards for new members. \$40 initiation fee still applies.
- Robert encouraged members to coordinate extracurricular events they will receive extra member points for doing so. **Joey Maier** said to announce this again when Mini-Prix date is confirmed.

Don Hosler said equipment is "probably fine" and everything "runs great".

- Robert noted that some cars went off pad at last event. He said that's bad and don't do it anymore.
- **Chris Wells** said we might get some used SA2000 helmets to be used as loaners. The intent is to replace some of our non-Snell approved loaners with these.
- Robert brought up the possibility of a night Members Only event at night during summer. Membership says "that's cool".

#### New members

Aaron Stogsdill & Robert Cox apply. Applicants are interviewed, asked to leave the room. Nice things are said about them and they're voted in.

# **FEBRUARY MEETING MINUTES**

#### Next meeting

Vote taken, Perkins wins. Chris Wells said this should be done via e-mail because the people that attend a particular venue will tend to vote for it. Objection is noted.

#### Cool stories

Jason Stroud & **Richard Thackway** have recently done track days at Sebring. Both agree they are fun and want to do it again. **Rick Woodley** said he has done several track days at Roebling Road. Robert said he is doing track day at Road Atlanta soon.

### **RACE REPORT**

#### By Bert "Hammer" Foschini

February is a special month – it's when all the cool people were born. We held our February event the day before Valentine's Day and love was in the air, or was that pollen? Anyway, the February event left off where the January event ended – bright sunny skies, a pretty decent breeze, temperatures in the mid 60's and tons of fun. The course featured a lot of cones, quite a few off course calls and a bunch of smiles. Another similarity with the January event was the cameo appearance of several old faces, including Aaron Nash, Carlos Ortiz and Travis Schneider. We experienced a slight increase in attendance as 72 adrenaline lovers suited up to avoid kissing some cones. As it turned out, many drivers showed no love for the cones, hitting and dragging them all around the lot. It was like an episode from Maury. The course was like a woman – difficult to figure out at first, but a lot of fun once you did.

One significant difference from last month was the amount of single car classes, which dropped from 11 down to 5. The lonely hearts club was comprised of E. Gareth Morgan in AS, Steve Marcum in DS, Carolyn Smith in ES, Steve Taylor in CP, and Bill Kuykendall in STU. Steve and Bill had the distinction of each making 4 clean runs. No big deal you say? Every other class that had participants, even the other single car classes, had at least one driver in the class go off course. However, in identical fashion to last month there were 4 2driver classes and none of them involved a co-drive situation, which is rather unusual. In SS Don Hosler and newly minted member Aaron Stogsdill took turns going off course in the first half of the day, but in the end Don out-Corvetted Aaron. In BS Brian Smith and Matt Simons managed to make a total of 2 clean runs between them. Unfortunately for Matt both of those clean runs belonged to Brian, who out-S2000ed Matt. But think about it, how could anyone but Brian Smith win BS? Last month in ESP Toby Trook and his Camaro battled a Mustang. This month it was a battle of car cousins as Toby took on Randall Huls and his Pontiac Firebird. Toby did not make a single clean run, and Randall made only 2 runs, one of which was, you guessed it, off course. Ordinarily that 3 second cone penalty would equate to a loss, but February is a special month and in the end Toby Trook once again took the trophy. In STS Kevin King was still without the Family Truckster and went against Steven Purcell in a Miata melee that started out dirty, with 3 off courses in the first 4 runs. They each got progressively quicker and they each saved their best for last and when the relationship ended. Steven walked out the door with a narrow 0.255 victory.

The Novice class was not immune to class shrinkage as only 4 drivers took part, although none traveled farther than James Lineberger (all the way from Minnesota, don'tcha know). It is no surprise that 3 of the 4 novices went off course - it was a recurring theme all day long. What is a surprise is that none of the novice drivers went off course more than once. No big deal you say? Well, 18 non-novice drivers went off course at least twice. James did not win the Novice class, but had the distinction of staying on course each time, as well as hitting at least 10 cones on a single run. I say "at least" 10 cones because we determined that 10 was the highest amount of cones the software will allow you to enter. I guess the thinking is, if you've hit that many cones, why bothering to keep counting? Anyhoo, Nika Iranmanesh not only was the driver with the longest name, Nika was also the Novice with the fastest time. Nika only made 2 runs, only 1 of which was clean. When your 1 clean run is fast enough to win 11 of the open classes and is fast enough to win your class by over 5 seconds, 1 is enough. This became a battle for 2<sup>nd</sup> between Samantha French and James Lineberger. Once James stopped mowing down cones he got pretty fast. Once Samantha cleaned up her act, she got pretty fast, too. In the end Samantha nipped James by just 0.095 of a second to take 2<sup>nd</sup>.

In CS it was Mazda mania as Patrick Wilson, in his RX-8 took on the Miatas of Scott Swartz and Tom McDonald. Patrick led after the 1<sup>st</sup> run, but Scott led at the halfway point. However, in the end Patrick managed to take the win by 0.234 seconds. In GS Bruce Abbott drove like your typical 84 year old, smoking the tires at every turn but could not catch Dustin Besch as Dustin took the victory with Bruce 2<sup>nd</sup>. HS was a repeat of last month as Ben Turner, in his 2<sup>nd</sup> generation Mini Cooper knocked off Raddy Schatte in his vintage Austin Mini.

ASP had the husband and wife team of February course designers John and Dawn Giddens. They were joined by George Bonafede in his Datsun GT-R, which was on race tires

### **RACE REPORT**

this month. Poor Rick Woodley and his Z06 was surrounded by Japanese combatants, which was fitting because Godzilla wreaked havoc, as the GT-R laid down a fire breathing time of 39.021 to take the win over John Giddens, with Rick 3rd and fellow Godzilla driver Bob Knoerzer 4<sup>th</sup>. This was also good enough to give George his first TTD of the year. In BSP Kevin Spence was able to get his race tire-clad wheels to clear his brakes as he and Richard Thackway returned to take another crack at Mickey Gauldin. Both Mickey and Kevin had trouble early, but all 3 made their fast run last and Mickey claimed the win with Kevin 2<sup>nd</sup> and Richard 3rd. Last month Jason Stroud bummed a ride with Mickey Gauldin, while this month he shared his car with Chris Wells in CSP. Jason held the lead at the halfway point, with Chris sitting in 3rd behind Leland Giddens. Chris found some love in the 3rd round and managed a 0.16 second victory over Jason, with Leland a mere 0.081 back in 3rd. This was easily the tightest battle of the day. DSP was quiet last month. Boy what a difference a month makes. Aaron Nash, Carlos Ortiz and Phil Woodard co-drove the ITR BMW 325is that they built for the track. To call this car loud is the understatement of the year, even if it is only February. The car registered over 104 dB with the engine off! Anyway, Aaron Nash has national level talent and it showed as he ran an ear-piercing 41.492 to take the win over Justin Cady. Carlos finished 3rd. DP saw the return of Pedro Castillo and Richard Connor and their orange Rabbit. However, DP is Robert Belvoir territory and he marked his territory with a 3.6 second victory over his daughter Penny, and the 2<sup>nd</sup> fastest time of day.

The number of drivers in STR doubled from last month, but was still populated with nothing by Honda S2000's. Chi Ho and Steven Hughes were joined by Des Toups and Jim Hughes. After the 1st round Jim was sitting in 1st with Chi in 2nd while both Des and Steven ran dirty. Both Des and Steven saved their best for last and when it was all said and done Des Toups scooped in to take the win, with Steven 2nd, Chi 3rd and Jim 4th. STX was a virtual repeat of January, with the same 3 drivers and the fact that first place came down to a 2 driver competition between Travis Turner and Brandon Kalarovich. To extend the January comparison further, Brandon once again led for the first half of the day and once again, in the end Travis took the win, but this time by only 0.124 seconds. I had to leave early and was contemplating not even going, but then Mikael Edstrom asked if I would be interested in being his tire warmer in SSM. Hmmm, would I like to drive a 5,000 hp Corvette? Sure. He told me the tires were old, and I knew it was cold, so I took it easy on the first run, evening launching in 2<sup>nd</sup>. It didn't matter, I slid around like I was on ice skates. That is a lot of car and I consider myself lucky to have finished 2<sup>nd</sup>. Mikael's driving style is well suited to his car, all out controlled mayhem, and he easily took the win and finished 5th fastest overall, on those worn out tires. SMST2 saw the return of old-timers like Jeff McElyea and Travis Schneider. This class had everything from Miatas to M3s to Porsches and a Trans Am. The great thing about autocross is that these disparate vehicles are actually rather evenly matched. Karel Schneider in a Miata led after the 1<sup>st</sup> run, with Steve Pierce in 2<sup>nd</sup>. After the 2<sup>nd</sup> run Travis Schneider was in 1<sup>st</sup> with Jeff McElyea 2<sup>nd</sup>. Did anyone want to win this class? Yes. After shaking off the rust Travis put down a head shaving time of 41.734 to take the class win by over 0.8 seconds ahead of Karel, with Steve 3rd and Jeff 4th. Last, but certainly not least, we had SMST4. When it comes to finding grip where others seem to fail, these cars just go. This class consisted of Evo's and STi's and lots of traction. It also witnessed the return of Harry Corbin. Former Tiger Champion Hien Nguyen is fast, but so is Ryan Speaks. These 2 battled back and forth quite a bit last year, so this was going to be good. Hien is not only fast, he is also aggressive and is known to hit a cone or 3. Hien had the distinction of being 1 of only 2 drivers to make his fastest run on his 1<sup>st</sup> run. Its not that he slowed down, because he didn't, he just kept clipping cones. His 1<sup>st</sup> run of 40.257 would have to stand as Ryan chipped away at what started out as a 0.987 deficit. Not to be forgotten, Oliver Yao was sitting in 2<sup>nd</sup> after the 1<sup>st</sup> run, staring at a 0.969 deficit. Both Ryan and Oliver did inch closer, but when all was said and done Hien took the class win, with Ryan 2<sup>nd</sup> and Oliver 3<sup>rd</sup>.

While there is no doubt that the coolest people are born in the month of February, the other months of the year offer up some pretty compelling stories as well. With the departure of 2010 Tiger Champion Bob Blucher to Singapore there will be no repeat champion. So the question is, who will step up and claim the most coveted title in all of motor sports? Only time will tell.

Above: Yes, that is a LOT of cones!

Right: Trevor and Grandma Wells cannot believe the sheer number of cones that were sacrificed for the February event.

Why, yes, Mikael Edstrom's Corvette does sit awfully low.

# **A Few Words From The Prez**

We had a really good event. We continued with our successful Mentor Program, had a new food vendor, and a challenging course. We even played the National Anthem. Thank you to all our members who always do more than they have to, epitomizing what it means to be a Member of the Martin Sports Car Club.

# **ACTIVE MEMBER POINTS**

Last month we talked about Tiger Points and how they are awarded. This month we will discuss Active Member points. For all of you Old Dogs out there (and you know who you are!) this is redundant stuff. But for some of the newer people, this will explain how you can earn a coveted, and very exclusive, Active Member shirt. You've seen the shirts that some of the members are sporting, from the latest Red and White Sport-Tek shirts, to some that are so old they are back in style, and you've asked yourself "how can I become that cool?" Well, by earning enough Active Member points. If you are a member and have attended a meeting or event this year, you have earned Active Member points. However, in order to count any points that have been earned so far this year, you must be "paid up". In order to be considered a Member in Good Standing, you have to pay your dues, literally. Membership dues are due by the March General meeting. If you pay your membership dues after the March General meeting (we will take your money all year long) only Active Member and Tiger points earned after your membership dues are collected will be awarded. That is why our Treasurer, Sir Bling Ben Turner, has been yelling out "dues are due" at the General meetings. It's not because he likes the way the phrase rolls off of his lips (though that is certainly part of it), it is because he is performing a public service to anyone who wants to earn a really cool Active Member shirt at the end of the year or compete for a Class Championship trophy. If you join after the March meeting, your Active Member and Tiger points will accrue beginning the month you join. You need to participate in at least 6 events in the same class to qualify for a Class Champion. That only leaves one possible dropped event if you join late... do you really want to risk it? This is not to be confused with Tiger Points, which are earned at competition events, based on where you finish within your race class. However, only Active Members earn Tiger Points.

New applicants will need to be sponsored by an experienced MSCC member from a previous season. There is a \$40 application fee and a \$40 membership fee. The renewal fee for returning Active Members is \$40.

Oh yeah—Dues are due!!!

Random items of coolness, up above the world so high.
