# DECEMBER MEETING MINUTES

Martin Sports Car Club  
General Meeting Minutes  
Thursday, December 6, 2012

Meeting Called to Order: 7:36 p.m. by **Chris Wells**.  
Pit Patters received? Yes (though not always in good condition).

Motion made and seconded to approve November general meeting minutes. All approved.

## VP Report – **Bob Blucher**

Partly due to competing events, turnout for the November event was lower than usual

A few year-end championships were still up for grabs, making for an exciting season finale.

## Treasurer – **Ben Turner**

Though not as robust as the previous month, our bank balance is still very healthy and in no danger of tumbling over the fiscal cliff.

## Secretary – **Kim DeBower**

Verified that all 30 attendees signed the meeting roster.

## Events Report – **Hien Nguyen**

Owing to the low November turnout, drivers enjoyed six competition laps and several fun runs

The pre-grid system was well received. It will be retained at future events, though moved to the opposite side of the LCTC main parking lot next to the gun range

**Justin Cady** and **Ryan Speaks** will host the first event of 2013 on January 13 at LCTC.

## Old Business

Due to unfortunate vendor mishaps, class trophies and active member shirts will not be available for the year-end awards banquet but will be distributed later. On a positive note, several excellent track day packages were secured for the drawings

**Mickey Gauldin** reported on potential upgrades/improvements to the timing system. In a cost-effective attempt to boost signal strength, we will first try placing antennas higher via speaker stands

The following rules submissions for 2013 were voted in:

**Class Numbers** — Car class numbers shall be a minimum of 8" high with a stroke of 1.25". Class letters shall be located on both sides of the car and be readable by timing and scoring as well as course workers. The color of the numbers/letters shall be in contrast to the color of the car

**TTD** — Add to MSCC rulebook "All" competition cars are eligible for TTD honors. Only karts are not eligible as referred to section 4.8 of the current rulebook

**Pro Class** — Change Pro name to PAX

No other rule submissions were voted in.

## New Business

## A FEW WORDS FROM THE CHIEF

Welcome to 2013!

I want to start off with a big "Thank You" to the 2012 Board: Chris Wells (President), Bob Blucher (Vice-President), Kim DeBower (Secretary), Ben Turner (Treasurer) and Hien Nguyen (Events Director). They did an outstanding job last year and certainly made 2012 a memorable year. I am looking forward to working with the 2013 Board: Mikael Edstrom (Vice-President), Steve Pierce (Events Director) and returning members Kim DeBower (Secretary), Ben Turner (Treasurer). I know they are committed to continuing the efforts to improve the events and our Club.

2013 will be a very busy year. We have several events scheduled at the OCCC and there will probably be multiple opportunities to return to Sebring. We will be working to keep our relationships with the Porsche Club and SCCA healthy and productive while strengthening our relationships with NASA and the PBOC. As Chris has told you, the Florida State Autocross Championship is held every year. Each year it is hosted by one of five different clubs. Every five years MSCC gets to host the event and 2013 will be **OUR** year. This is both an honor and a challenge. A successful event will require a significant commitment of time, not just by the Board, but by dozens of our members. Work has already started on several aspects of the event. Please, volunteer and help us make MSCC's quinquennial State Champs event a success!

In closing, a huge thanks to all our Members and volunteers! As you know, there are no "paid positions" at MSCC. Everything is done by individuals who willingly give, without compensation. At every event, it is common for volunteers to jump in to help complete tasks. Volunteers and their actions are what make MSCC special. Thank you all!

Mickey Gauldin  
2013 MSCC President

## RACE REPORT

By Bert "Hammer" Foschini

I could not make it to the Pointless event, but a peek at the results shows that the Novice class was huge. So the first thing I'll do is explain a few things for all of the new people. The MSCC racing season spans from January through November. At these events points are awarded to club members in pursuit of the most coveted prize in the entire world of Motorsports, the Tiger Championship. There are also awards for class champions and overall champions, as you can see within the pages of this fine publication. There are no points awarded at the December event, thus it has been dubbed the Pointless event. We always like to have fun at MSCC, but sometimes the heat of competition takes a wee bit of the fun out of it. At the Pointless event it is all about having fun. In fact, the 2<sup>nd</sup> weekend in December is nothing but fun, because we almost always have our awards banquet the night before the Pointless event, which gives us a head start on the fun. And, you don't even have to be a member to come to the annual awards banquet, so mark your calendar and save the date now for the 2<sup>nd</sup> weekend in December. So, the results really don't matter and neither does this report, but here goes anyway.

Next year my trusty side-kick, Matt Ferratusco, will be taking over the race report duties full time. Matt will also be compiling the Tiger points. For you who are newer to the club, fear not – Matt was the Pit Patter editor in the past, so he knows what he is doing. With all of that being said, this could very well be the last race report you'll see from me in a while. I know, I know, your life will not be the same without my rapier wit and laugh-out-loud commentary, but you get what you pay for (friendly reminder - the Pit Patter is free).

The results may not reflect it, but Super Stock is not a fancy name for the Corvette class, it just so happens that all 3 drivers in SS in December were in Corvettes. And no, guys who drive Corvettes are not overcompensating for other areas that are lacking – those guys drive Porsches (I've still got it! Now clean up the milk you just laughed through your nose before continuing to read.) Scott Goebel won in the Novice class last month and this month he won SS – nicely done. How is he going to top that next month – Top Time of Day? Kory Kellinger finished only 0.343 back. C Stock had a veritable growth spurt and renewed the age-old battle between professional drivers Gerardo Bonilla and Matt Ferratusco. These 2 are almost always neck-and-neck and the December event was a shining example. Here is the amount of time that separated Gerardo and Matt run-by-run: 0.242, 0.37, 0.074, no change (though they were 0.027 apart on their 4<sup>th</sup> run), 0.051 and the final margin of 0.149. So, over the span of 6 runs they were never more than 0.37 of a second apart. The way it usually plays out is; they are both very close, with Matt holding the lead, leaving Gerardo with one final, pressure-packed run to steal the victory. However, at the December event it played out with Matt holding the lead, leaving Gerardo with one final, pressure-packed run, in which he stole the victory. Some things never change. Meanwhile, Tom McDonald finished 3<sup>rd</sup>.

A Street Prepared did not miss a beat, with John (dad) and Leland (son) Giddens continuing their year-long battle for family supremacy. The battle was actually only half the year long as John and Leland did not race head-to-head until July, facing off 5 times, with Leland winning 3 of the 5 showdowns. December was more of the same as Leland again showed absolutely no respect for his elder, beating this dear father by over 0.8 of a second. Leland and John were also the 2<sup>nd</sup> and 3<sup>rd</sup> fastest overall for the entire event. Speaking of family battles and elders,

## RACE REPORT

Robert and Penny Belvoir spend quality father-daughter time every month with Robert beating Penny mercilessly. However, December is a month for caring, charity and goodwill toward men. Unfortunately, Penny is not a man and Robert showed zero charity in whipping Penny by over 1.5 seconds. In fact, Robert was so not in the Christmas spirit that he beat everybody at the December event by taking Top Time of Day. What Robert lacked in being nice he made up for (kinda) in being fast. Colm Roe has been chasing Kevin King (in a completely non-sexual way) for years. This trend continued at the December event, and the results were the same as the King still ruled Street Touring S as Kevin scored a royal whipping (again, in a completely non-sexual way) by just under 3 full seconds. In Street Touring X the battle was between George Bonafede and Travis Turner. George had early cone trouble but finally cleaned up his act and held a narrow lead heading into the final run. Both Travis and George made their fastest run on their final run, but Travis put the hammer down and beat George by over half a second for a very impressive victory.

If you combined all of the single and two-driver classes they still would not add up to the number of drivers in the Novice class in December. The lucky number of 13 drivers showed up to sample the sweet and sour taste of MSCC autocross. These 13 drivers were driving vehicles from 9 different manufacturers, (8 if you count the FR-S as a Toyota or Subaru), with not a single domestic product among them. Rounding out the top 5 was Adil Adams in a Scion FR-S and 4<sup>th</sup> place finisher Brent Killinger in a BMW Z4. The top 3 all finished within less than half a second of each other, making for some good action. Matt Sikorsky, in a BMW 325i, went off course on 2 of his 6 runs, Diego Sandarriagn, in a Porsche Cayman S, knocked down cones on 2 of his 6 runs and David Paquin, in a Subaru WRX, compromised, going off course once and knocking down a cone once. When the dust cleared, David Paquin finished 3<sup>rd</sup>, only 0.122 behind 2<sup>nd</sup> place finisher Diego Sandarriagn, who was only 0.371 behind Novice winner Matt Sikorsky.

All of the above classes are identical to SCCA. MSCC used to have all of its own, unique classing with no direct correlating class in SCCA, but several years ago we switched to make things easier on those who like to run with both organizations. Our lone holdover from MSCC specific classing are the Street Mod Street Tire classes, which are split into 2 wheel drive and 4 wheel drive. Being a "catch all" class, these 2 classes are traditionally the most heavily populated and the December event was no exception. SMST4 was an exhibition of why Hien Nguyen is the reigning MSCC Tiger Champion as he dominated the class by almost a full second in his Evo, ahead of the STI of Drew Hackett. The largest non-novice class of the day was SMST2, which pitted a bunch of Miatas (Miatii???) against a few BMW M3s. In the real world the Miata would not stand a chance, but that is the great thing about autocross, it allows the little guy to compete on a level playing field with the big guy. Well, the little guy finished last and 2<sup>nd</sup> to last. However, the little guy also finished 1<sup>st</sup> and 3<sup>rd</sup>, leaving the big guy with 2<sup>nd</sup>, 4<sup>th</sup> and 5<sup>th</sup>. The little guy is actually not so little as Karel Schneider won the class by over 0.7 of a second, with Steve Pierce 2<sup>nd</sup>, Patrick Wilson 3<sup>rd</sup> and Kevin Spence 4<sup>th</sup>.

Unless the Mayans are right, the December event will not be the last autocross ever, just the last of another great year, our 52<sup>nd</sup>, of MSCC fun and excitement. My guess is that the Mayans did not predict the end of the world, they just ran out of paper (or stone) to write on and figured by now we would just use our cell phones to keep track of dates. If the Mayans were right, no one will know the difference. So, I'll see you next year!
