#### MARCH MEETING MINUTES

Martin Sports Car Club General Meeting Minutes Thursday, March 7, 2013

Meeting Called to Order: 7:32p.m. by **Mickey Gauldin**. Pit Patters received? Yes.

Motion made and seconded to approve February general meeting minutes. All approved.

#### VP Report – Mikael Edstrom

Recap of February event:

- No issues in Tech, only questions re: annual techs
- No course safety issues and no competition protests

Procedures for staging two-driver cars to be fine-tuned for future events.

#### <u>Treasurer</u> – **Ben Turner**

Income is currently running ahead of expenses, so the bank account remains on solid footing.

#### <u>Secretary – Kim DeBower</u>

Verified that all 27 attendees signed the meeting roster.

#### Events Report – Steve Pierce

February event attracted 60 drivers, including 11 novices

Hosts needed for May 12 event at LCTC. Executive Board will host April Mini Prix at Sebring; **Matt Ferratusco** and **Bert Foschini** will host June event at OCCC

Please resolve classing issues at registration. Changing or correcting classing after registration creates delays

To ensure at least one experienced person at each course station, novices will be split into two groups (one in each heat). Per **Bruce Abbott**'s suggestion for quicker cone retrieval, course workers should man a wider area.

#### **Old Business**

• The process of selecting a site for the State Championships continues. Kennedy Space Center, Orlando Executive Airport and Orlando International Airport have been eliminated from consideration. Other sites under consideration include the Orange County Sherriff's training facility at Tangerine, Fantasy of Flight near Auburndale, EPCOT's overflow parking in Lake Buena Vista, FIRM at Starke, Sebring (possibly in conjunction with a NASA event) and the parking lot of Tropicana Field in St. Petersburg. More to come

#### **MARCH MEETING MINUTES**

• Mickey Gauldin updated members on timing equipment issues. New antenna "towers" are nearly ready for use. However, system batteries have now exceeded their expected lifecycle. Replacement must be completed by timing vendor Race America in order to maintain warranty coverage. As a benefit, the club can now save the labor charge for upgrading T-links, as that can be done simultaneously. A motion to replace timing batteries and upgrade the T-links was made, seconded and approved.

#### **New Business**

- Mickey Gauldin outlined the need for cash reserves to cover expenses related to ongoing equipment repair and maintenance. A portion of the club's bank account will now be earmarked for that specific purpose
- Mailing costs for the Pit Patter were discussed. To reduce expenses, members can choose to opt out of receiving a mailed copy and download it from the club website. Anyone wanting to do so can simply email Mickey directly (address listed on inside front cover of Pit Patter)
- Robert Belvoir delivered some sad news. Former MSCC President and charter member Jon Ramer passed away in February at the age of 86
- Good news: **Harry Corbin**'s recent back surgery was successful and he is resting comfortably at home
- **Eric Filson** applied for membership and was voted into the club. Congratulations!

#### **Upcoming Meeting**

The next general meeting is Thursday, April 4, 2013 at Mimi's Cafe in Altamonte Springs.

#### 50/50 Raffle

Won by Karel Schneider.

#### RACE REPORT

#### By Matt "Foo Foo" Ferratusco

#### Boredom [bore-dum]

- 1: a) the state of being weary and restless through lack of interest
  - b) the state of being bored; tedium; ennui
- 2: a concept unfamiliar to racers on a warm Sunday in March

This is beginning to get boring. I'm not talking about the racing; if you no longer find merriment in this great sport of autocross, a thorough examination of your zest for life is in order. What is losing its luster, however, is reporting on the racing, for one can find only so many ways to illustrate the status quo month after month. The March autocross offered little in the way of spectacles, debacles or other newsworthy things ending in '–acles'. Don't get me wrong – there was plenty of awesomeness at our third points event of the 2013 season – but I could probably republish the last two race reports and you'd hardly notice. Writing about the chain of events from the latest autocross is like a day in the life of Phil Connors in *Groundhog Day*. With some exceptions...

Fifty-nine drivers launched their car off the start line with high revs and clutch drops, filling 18 classes. Seven of these were single-car classes. Aaron Stogsdill remained alone in SS after Don Hosler the Love Doctor retreated to SSP, while Bobby Bluché, Bruce Abbott, Mike Brau, Sean Monett, and Justin Cady rounded out the Lonely Cars Club Band.

Novice was once again the largest class, this month boasting 13 newbies. Mark Zaremskas's's early lead was taken away by Salim Ghorayeb, who never turned back and won the class by a mighty 1.27 seconds! Mark Z came home 2<sup>nd</sup>, with Justin Huff in 3<sup>rd</sup>. Radek Wlodarczyk backed up February's 4<sup>th</sup> place finish with another solid performance in 4<sup>th</sup>. Salim now moves to regular classing with his victory, along with any drivers for whom March was their 3<sup>rd</sup> event in Novice.

Gerardo Bonilla made an appearance in C Stock, sharing his 1999 10AE Miata with yours truly. Former club member Ryan Pesch (yes, the P is correct, not "Besch" as listed in the results) also returned after many years away from autocross (factoid of the day – Ryan is credited with designing the famous rectangular number signs adorned on many MSCC members' cars). Ryan was fast in his return, finishing 3<sup>rd</sup> in class. Jose Cruz is making tremendous progress in his first year of autocross and finished 4<sup>th</sup>, just .2 seconds behind Ryan. The battle at the front was between Gerardo and I. If this truly were a day in the life of Phil Connors, the battle would have gone something like this: Matt holds early lead OR Matt and Gerardo exchange lead throughout the day, only for Gerardo to pull off his usual final-run heroics to steal the lead and the

#### RACE REPORT

class win. Fortunately for me, this day was a new day, bringing a very challenging victory and an abundance of points in the day's largest class.

Kim DeBower was DeFastest in D Stock and is showing he cannot be DeFeated. Amanda Portoghese (rhymes with Portodaisy) reclaimed command of her Mazda3 in H Stock by defeating co-driver Dawn Giddens, but Ben Turner reclaimed command of the class with a commanding 1.3 second win! The father-son Giddens duo were back in the timeless, twin turbo 3<sup>rd</sup> gen Mazda RX-7, fresh out of the paint booth, and continued their reign atop the overall time sheets, with Leland taking his 3<sup>rd</sup> ASP win in as many events and also his 2<sup>nd</sup> Top Time of Day this year! Belvoir won DP again, and George Bonafede continued his reign in STX compliments of a new coilover setup. Mickey Gauldin struggled on old tires, so expect him to be more competitive in SSM once he has fresh rubbers.

The blink of an eye takes a whopping three tenths of a second to occur, which is forever by autocross standards. The difference between 2<sup>nd</sup> and 3<sup>rd</sup> place in STU was *far* less than that. To put it in perspective, it just took you 60 times *longer* to blink your eyes than it took Richard Thackway to take 2<sup>nd</sup> place over Steve Pierce, separated by just .005 seconds! Meanwhile, Kevin Spence continued his domination with another win in STU, which is perhaps the most surprising instance of status quo this year, as Kevin and Richard normally exchange the class lead with each run.

Travis Schneider has been unable to keep up with Papa Bear this year, allowing Karel to benefit from a traditionally large SMST2 and take the early lead in Tiger Points. The trend continued in March as Karel ran away with the win. Kevin Abel was fast in the second heat and nearly overtook Travis but fell just short, finishing less than a tenth of a second out of 2<sup>nd</sup> place.

Drew Hackett was wearing new shoes and found himself in the mix for the SMST4 win. He briefly took the lead on his 5<sup>th</sup> run, and went faster again on his final run. Meanwhile, Ryan Speaks had been unable to improve upon his first run of the day. Calm and composed, he staged his STi at the start line to make his final run, knowing he had to shave more than a tenth off his first run to take back the class lead, and with it, the win. Ryan is no stranger to pressure, and like any seasoned veteran and former champion, he put his head down and took care of bidness, knocking off more than two tenths of a second and reclaiming the SMST4 win! Congrats to both Ryan and Drew on their great performances.

As you can see, the first three events of 2013 have produced very similar results. For the sake of salvaging my abating creativity (and to avoid insulting the two or three of you who'd notice a reprint of a prior race report), let's see some of these patterns broken at the April Mini Prix in Sebring!

Former MSCC president and charter MSCC member John Belperche passed away peacefully on February 5, 2013 in Winter Park. John was born and raised in Glen Rock, NJ, graduated from Ridgewood High School and then served in the US Navy during World Word II. John moved to Florida in 1958 where he worked for Martin Marietta as a mechanical engineer until retirement. John gave us the Tiger of the Year Championship but quickly outgrew the club and became a 50-year SCCA member, in addition to participating in IMSA races at Sebring, Daytona, West Palm Beach, Road Atlanta, Riverside and others. One of his proudest accomplishments was winning his class at the 1975 24 Hours of Daytona. After retirement John and his wife, Sallie, traveled extensively. If you are so inclined you can make a donation to the SPCA of Central Florida in John's name, at 2727 Conroy Road, Orlando, FL 32839. John was 86 years old.

Former MSCC member Rob DeBardeleben, who apparently was guite involved with the club back in the Lockheed Martin days, is now the principal designer for Evocativo, LLC of Arvada, Colorado, a Denver area Engineering and Design Company that has been selected to provide design services to Bellarosa G. Giovanni s.r.l of Gardone Valtrompia, Lombardy, Italy, manufacturer of Wolf Racing Cars and operator of Avelon Formula race team. Rob and Bellarosa have entered into a joint venture agreement to design, manufacture and sell a high performance racing sports car. This could be the first ever example of a US firm providing design services for a high performance sports car to be manufactured in Italy and sold throughout the world. Although this exotic sports car is designed for racing purposes only, Wolf Race Cars will also produce a version for use on public roads. Evocativo operates in Denver, Colorado specializing in Mechanical and Electrical Engineering and Design. The company mission is to merge engineering practices with products of style and high-level design. Evocativo designer Rob DeBardeleben, with his passion for creating and designing unique and quality designs, sees this exotic sports car design as the signature example of their capabilities. Congrats to Rob!

Directions to Sebring Raceway, located at 113 Midway Drive:

From the Orlando area, take I-4 West and take Exit 55/US 27 South towards Haines City. Go just over 61 miles south on US 27 and turn left on US 98. Go 3.3 miles and turn left onto Haywood Taylor Boulevard. Go 1.2 miles and turn right onto Midway Drive.

The schedule: Saturday, April 27 is Practice day. This will be much more casual than a regular event. The course will be open for walking around noonish, with the first car out around 1:00pm-ish. Registration will be online at MyAutoEvents, as well as at the event. We are not expecting a large turnout, so you can just show up and run. The last run will likely be around 5:00-ish. Cost for the Practice day is the bargain basement price of \$15.00!!!

Sunday, April 28 is the Mini Prix/Points event. This will be the regular schedule - registration from 8:00am to 8:30-ish, tech immediately following, with the Novice walk through after that, followed by the Driver's Meeting, with the first car out around 10:00-ish. Cost for the Mini Prix is \$40.00 for members (those who have paid their dues by the March meeting) and \$50.00 for non-members, which includes a T-shirt!

For those so inclined, KARTS ARE ALLOWED at this event.
