RACE REPORT

By Gerardo Bonilla

It was an absolutely beautiful Sunday morning at the Orange County Convention Center on the 2nd day of February. Just days earlier it was so cold, we would have had to finish our event at the Orlando Grand Prix indoor karting center. 116 motivated drivers arrived early at OCCC for the second points event of the 2014 season.

In SS Ken Marshall dominated with his new Porsche 911 by 1.3 seconds over Don Hosler in his trusty Corvette. Ken's run was good for 6th overall. Don was slightly hampered by the extra weight of a trailer and gas blower attached to his Vette. AS was won solo by Mark Peffen in a Porsche Cayman. In BS, Bob Blutcher took another easy win in his Porsche Boxter S by 1.7 seconds, good for 8th overall. It's always cool to see stock class cars so high on the overall list.

In another large CS class, the Subaru BRZ and Scion FR-S continue to be very popular cars, with Steven Hughes taking the win in a BRZ by just under three tenths over Henry Clark's BRZ. Last month's winner, Jose Cruz, was mired in 6th place while coming to grips with the faster course design. Kim DeBower won DS by himself in his Mini Cooper S. In ES, also known tongue-in-cheek as Spec Miata, Kevin Bonitz took a half-second win over Scott Swartz, both in 2nd gen Miatas.

BMW M3's were the popular car in FS, where Jason Huepenbecker won over Rick Blair, both in M3's. Harry Corbin was giving the BMW a try, but could only manage 4th place. Bruce Abbott continues to win the "most popular" award despite managing only 8th place in his tire-smokin' Ford Thunderbird. In GS, Ian Stewart continued to demonstrate how fast a Volvo can be, running his new S60R to a win by 1.2 seconds and 10th overall. In HS, Pete Smith carried on his own winning with his manual gearbox Honda Accord V-6.

The Street Touring classes were not as popular this month, but showed a few notable performances. Ben Turner driving his Mini Cooper squeaked ahead of the fun-to-watch Buzz Thompson in a Toyota Yaris in ST -FWD. Yes, you read that correctly, a Yaris. For those who were there, watching his little red car go faster than a Yaris should was awesome. Ferdi van Teeffelen drove alone in STC in a Toyota Celica, as did Kevin Madyda winning STS in a first gen Mazda Miata. In STX, David Lineberry won over Chris Hammer, both in a Subaru BRZ. Jesse Olsen had a lonely win in STU driving a '97 BMW M3. The largest Street Touring class, STR, had Ishaan Tailor in a Honda S2000 put in a 2-second win over Ron Horwitz in his BMW Z3.

Street Modified was a single car class as well, but it featured an incredibly fast performance by Oliver Yao, who put his Mitsubishi Evo to 2nd place overall, just missing TTD by 0.065 of a second. Nice!

Super Street Modified gave us a great battle for TTD. Greg Shumaker shared a ride with Jason Stroud in Jason's 2004 Corvette. On a course like

RACE REPORT

February's, if you had power and grip, you'd be hard to beat. Greg ended up winning by just a tenth ahead of Jason, and the two placed 1st and 3rd overall. Chris Wells' 3rd place finish in class was made even more worthy when it ended up 4th in the overall list. It was great to see Chris wheel that lower powered car (even with the turbo) so far up the overall list.

In Street Modified FWD, Salim Sanchez in his Mini Cooper won by just 0.039 over Mike Brau in a Ford Focus. Both drivers made giant improvements each run, so it was great to see such a close finish by the two in the end.

SMST2 really showed how the course design could shake things up in class. Karel Schneider, reeling from a poor showing at the January event on old tires, arrived at OCCC on new rubber and put all the forced induction power of his Mazda Miata to a strong win over Kevin Spence in his BMW M3. Chi Ho put a Porsche 911 GT3 in 3rd just 0.03 second off Kevin. Leland Giddens, last month's SMST2 winner, could only manage 4th in his mostly stock Mazdaspeed Miata. This is a great class you will want to watch in the coming months. Could be wacky!

In SMST4, George Bonafede put in another hard drubbing of his competition, placing his Mitsubishi Evo solidly in 1st place by more than 2 seconds, good for 5th overall. George was the recipient of a lot of course design comments on our forum, but he handled them humbly. I think we can all agree that even with technically bare long straights, the course was still a blast to drive.

In the Street Prepared classes that allow R-compound tires, Mark Zaremskas took SSP in a Porsche 911, Zane Plumley won BSP in his Audi TT, Paul Clark won CSP in a Saturn Sky, and Travis Turner edged DSP in his 1991 BMW 325i. Travis' win overshadowed a fine performance by Justin Cady in a relatively large sedan Audi A4. In D Prepared, Robert Belvoir ran his long-time Toyota MR-2 to a 2-second win over his daughter, Penny. Robert's time was only good for 7th overall, highlighting the horsepower nature of the course design.

Novice class had a massive entry of 27 cars. In the end, Merle McDowell won by six tenths in a sweet 1993 Mazda RX-7 over Alex Petrosky's Camaro.

The Porsche Club ran a number of its club members in their own classes. Victoria Dieterle (Boxter), Robert Layne (911), David Johnson (911), and Paul Klukas (911) each won their single-car classes. S1A had three entrants, won by Scott Kee in a 2006 Boxter.

As the event finished, Chris Wells and I staged a race for our kids in their electric cars, Lightning McQueen vs. Francesco Bernoulli. Technical problems (parent error) led to lack of electrons, forcing Chris and I to manually push our kids around a makeshift oval track. We raced, we laughed, we collapsed in exhaustion!

See you March 9!

OUR FALLEN BROTHER - STEVE TAYLOR

In memory of Steve Taylor

ACTIVE MEMBER POINTS EXPLAINED

How do you earn a super awesome MSCC Member shirt? It's as easy as 1. 2. 3.

1. you have to be a member. To become a member you have to pass a series of super-secret, highly-classified and extremely dangerous tests, then send a large sum of money in non-sequential, unmarked US dollars to the Pit Patter editor (I accept Paypal also). Or attend a few events, attend a few meetings, find a sponsor and complete a membership application.
2. you have to earn member points. You earn members points for every meeting you attend and for every event you attend. However, you can't just show up and earn a shirt, that would be too easy. You have to host an event (it is a **requirement** of membership), which earns 3 active member points. So, contact your friendly neighborhood Events Director - Zane Plumley, and sign up to host an event near (or far from) you.
3. you have to be current with your membership dues. In order to be considered a "Member in Good Standing" and in order to count member points earned so far this year you must pay your membership dues on or before the March general meeting. If you pay your membership dues after the March general meeting (we will take your money all year long!) only Active Member and Tiger points earned after you pay will be counted.

And, DUES ARE DUE!
