RACE REPORT

114 racers started arriving as the sun rose over the parking lot at the Orange County convention center. The day would see controversy, multiple equipment failures, fierce competition, tire melting sunshine, and a difficult track layout that left many seasoned competitors running off course.

Early on the track layout was changed, rewritten in a few places, in the name of safety. This meant some people who had already walked the old layout, had to walk it again once it was approved. The course was deceptively easy to navigate on foot or by bicycle, once cars hit the track it became clear that it was going to be far more difficult than some had anticipated. Coming out of the gate was a sharp left, followed by "the football box" which almost everyone stayed on the outside of. A sharp right into a sweeping left decreasing radius turn and then back through the football before screaming out past the trailer and heading into a small box before a slight left, a slalom, and another box. Then an off center gate, a tight left into a long sweeping right hander. Out of the sweeper fast into the final left, a chicane, and then the finish. Seems so easy, right?

The top time of day was 47.582 by Jay Stannard in his 1969 Lotus 6117, followed up by Ryan Speaks in his 2005 Subaru WRX STI at 48.011, Richard Fickes in his 1974 Caldwell D13 at 48.302, Robert Palmblad in his 2008 Mazda MX5 at 48.743, and rounding out the top 5 was Nate Adair in his 2014 Subaru WRX STI at 48.743.

There was a large novice turnout. 26 novices, almost a quarter of the field, many first time autocrossers, took to the course to test their skills, their nerves, and their setups. Unfortunately 4 of them failed to complete a lap without having an off-course, and a total of 19 off-course laps were recorded in the novice class. The top time for novice was 55.692 by Blake Hilson in his 2016 VW Golf R.

Junior Kart B had three racers, Trevor Wells was fastest with a time of 66.619; but that is not where the action was in this class. Cassie Plumley and Emma Plumley were separated by a very narrow 0.198 seconds.

12 racers took home trophies as the only competitors in their respective classes. STX had 10 competitors, the fastest of which was Chris Hammer in his 2013 Subaru BRZ at 49.686. C Street had 9 competitors, led by Jose Cruz in his 2013 Subaru BRZ at 53.235. SMST2 had 8 competitors, top time was Robert Palmblad in his 2008 Mazda MX5 at 48.743. STU had 7 racers, Ryan Speaks led the pack with 48.011 in his 2005 Subaru WRX STI. STR saw the closest finish with only 0.031 seconds separating the leader Don Cross in his 2004 BMW Z4 at 52.895 and Kevin Madyda in his 1999 Mazda Miata at 52.926. Another notable was the finish in F Street where the gap between Greg Shumaker and Terry Tabor was a mere 0.035 seconds, both piloting a 2014 Subaru BRZ.

Martin's first and only currently scheduled event in 2016 at the Orange County Convention Center was as fun and challenging as any, and exactly what we would expect from such a wonderful facility. Looking forward into the future we will be back at Lake Tech on May 8th before heading to Florida International Rally & Motorsports Park (The FIRM) on June 11th for a special points event at their facility.
