**FRIENDLY REMINDER!**

Rule changes and new rule submissions must be presented to Vice President Bob Blucher, in writing, at least one day before the October General Meeting. He will accept rule submissions via email, but rules discussed on the forum **DO NOT COUNT**. Now is your opportunity to suggest any rules that you feel are needed or need to be amended.

Rule changes must be submitted **PRIOR** to the October General Meeting. The rules will then be discussed after the November General Meeting. Any rule changes, additions or deletions will be voted on after the December General Meeting. If you want to have your voice heard make sure you attend these meetings. It is also time to start thinking about nominations for the 2016 Executive Board. Keep in mind that a nominee for a board position must be an Active Member in good standing. In addition, only a past or present Executive Board member can be nominated for President. All other board positions are open to any Active Member in good standing.

## Fall Mini-Prix

The fall Mini-prix and 10th event of the season will be held at Sebring International Raceway, which is located approximately 2 hours south of Orlando. Take I-4 to US 27 South for about 53 miles, then turn left onto Sebring Pkwy, go about 5 miles and turn left onto Kenilworth Blvd/Airport Rd, which will merge into Haywood Taylor Blvd about 5 miles later and you will find yourself at the entrance. Look for the MSCC trailer and make your way in that direction.

## RACE REPORT

### Race Report MSCC @ Lake Tech July 10th, 2016

A hot Florida September day greeted the drivers and spectators at Lake Tech this month. As hot as the weather was, the competition on track was even hotter! 65 drivers turned in times this month at our last for points event at Lake Tech for 2016. Several on track battles ensued, some separated by thousandths of a second. The tightest competition was in SMST4 with 7 out of the top 10 spots held by racers in that class, but we'll get to that later on.

Let's talk about the track design, it was another great design by Scott Schwartz which had good flow and variety of turns and skills needed to quickly navigate the course. Coming out of the gate was there was a left heading into a 180 degree box heading into a right, left, right before slowing way down to make another right and pass the follow-through and head towards the northeast corner of the lot. Before you got there there was a slight right box to get through, then hard on the brakes to slow down for the double 135 degree turn heading into the optional slalom. One more fast left to get through before heading into the finish.

As mentioned before 7 out of the top 10 spots were held by racers in the SMST4 class, no surprise as the course design seems to have favored all wheel drive cars. Sean Glazer took home top time off day in his 2005 Mitsubishi EVO VIII with a blistering time of 33.841. Bob Blucher followed him in a 2005 Subaru STi at 34.138, and Ryan Speaks was third overall with a time of 34.547. There were a few drivers who cut through the 4 wheel drive advantage and turned in top times in their 2 wheel drive machines. Cliff Bordwell was fourth in his 2016 Dodge Viper in SSR and John Giddens was eighth in his 2004 Miata running in SMT2. George Bonafede was tenth, running in CS, in his 2016 MX-5 Club, showing once again that the mighty Miata is always the answer.

The October points event is at Sebring, on October 1 and 2. Depending on when this patter is sent out, or when you are reading this, the event may have already happened. Hope everyone had a great time! For the November event we are back at the FIRM for the second time this year, followed up in December by our annual pointless event back at Lake Tech.
