## **RACE REPORT**

**Cold!** It was **COLD!** Temperatures were hovering around freezing when the first racers starting coming in to the Lake Tech facility. Most of the attendees looked ready for an arctic expedition, instead of a day of racing. Thankfully the Edstrom Family had volunteered to provide us with warm treats in the morning, and a nice hot lunch in the afternoon.

The course was designed and laid out by our resident photographer, Ryan Speaks. Running in “reverse” with the start on the trailer side, and the finish on the staging side. Starting out of the gate there was a left, followed by a lane change that sent you accelerating onto the left side of the track. A little braking was needed to slow down for a right hand turn, before heading into the follow-through crossover. From there you only had a couple gates to navigate as racers went around the center of the track and back into the follow-through. Off the left side along the back for a long 6 cone slalom before slamming on the brakes for a hard right, slight offset gate, and then fast into the finish. The course was fast and the overlap allowed for quick rotation of cars, and 5 runs each.

60 registered racers competing in 21 classes braved the cold weather and put down times on the track. Among those it was Justin McDonald who took home Top Time of Day with a time of 38.134 in his 2005 Subaru STi. He was followed up by Nate Adair at 38.268 in his 2014 STi, and Ryan Speaks rounded out the all Subaru podium in another 2005 STi with a time of 38.322. In the fourth place finishing position was John Giddens in a 2004 Mazda Miata at 38.959, and the fifth place finisher was David Hanington in a 2014 Cayman S at 39.235. I'm sure the times would have been even faster if the weather had been a little warmer.

STR is shaping up to be a busy class in 2017 with the addition of some M3s into the roadster class. There were 7 racers in STR on Sunday, with the top 3 spots only separated by 1.082 seconds. George Bonafede took home the top spot in STR in his 2016 Miata with a time of 40.145, which was also fast enough to be 8<sup>th</sup> overall for the event.

Additionally, we had 7 Novices racing on Sunday, fastest of which was Christopher Sandefur in only his second autocross with MSCC, and actually his second autocross ever. He turned in a fastest time of 45.018 in his 1990 Miata to take home the trophy, and graduate out of Novice for his next event. Speaking of future events, the next race will be on February 12<sup>th</sup> at Lake Tech. Traditionally February is the coldest month on the calendar, but I'm hoping for a small heat wave around that weekend next month!
