Race Report BY Juney Thompson

February is a word that I have to say out loud to spell correctly: FEB-RU-ARY. It's like "Wednesday", or "beautiful". What does that have to do with this month's Race Report?! Nothing. Just figured I'd share that with you. Anyway, read on for a thrilling Feb-ru-ary edition!

This month's event saw us back at our home on Frankies Road, the lovely Lake Tech. The weather was crazy-foggy in the morning! I was scared that had taken a wrong turn at Albuquerque and ended up in London (I heard they had a lot of fog). But everything was fine as the fog eventually lifted and I realized I was in the right place. The skies stayed overcast all day, but the temps stayed pleasant and the rain stayed away.

The course design was an absolute stunner! It had big, open sweepers, a couple tight corners, and high speeds! High speeds at Lake Tech! Those terms usually don't go to the same parties, but man they were doing Jell-O body shots together for this one! Based on the design, many thought the day would be easily won by the highest HP cars. But Lake Tech said "No says I"! Due to the less-than-sticky surface of our beloved facility, the big grunt cars had to do some tiptoeing to keep their lines neat and tidy.

On top of the stellar course, we also implemented some new stuff! Thanks to the new pre-registration rules, we had a run order the day before the event! Plus we also had... wait for it... live timing via the interwebs!!! No more need to log into our WiFi! Now you can track live event timing from anywhere in the world while eating a Moon Pie! What a time to be alive!

Coming into this event, there were some questions from January that needed to be answered. Would 2018 Tiger Champion Ryan Speaks eek out another super-close win in SMST4? Would Trevor Renson ruin the ES Miata party again with his MR2?! Would Maykel Cabrera continue his winning ways in STS and build on his current Tiger Points overall lead?! The answer is... No. None of them were there this month... Here's what did happen:

- Mark Burt won AS in his stock-ish C6. However, he only placed 5th in overall raw time. So he is human after all.
- Bob Blucher spun on his first run. However, that run was still faster than our fastest Novice... I'm pretty sure that classifies as bullying.
- Peter Tang returned after a hiatus! He found himself in a sea of fast Foci in BS. Jerry Stein and Glenn Forester bested him by a slim margin.
- Chris Wells reclaimed the top spot in ES! I'll keep saying it, ES is the best show going right now. Go to the times and look at the top 5 – all covered by less than a second!
- Ed Vogt showed off his fancy new Camaro. It's very green and very fast.
- Michael Redmond darn near won STS in a... Honda Insight?! He was quick, but Matt Bradford was just a little bit quicker.
- The Giddenseses (Leland and John) took the top spots in SMST2 (shocker) in the always-beautiful RX7. But they were only separated by 0.094 seconds!!
- Even though Bob Blucher completely flexed on the Novice class, it was still very close competition! Jason Mena and his WRX took the win (welcome to regular classing!), followed by Rocky Mollica in his timelessly cool 1990 Alfa Romeo Spider! Jacob Schmalzle (manager at Castle Church Brewery!) rounded out the top 3 with his snazzy ND Miata RF. All 3 were separated by less than half a second!
- Top Time of the Day went to Rick Baz and his 2001 911 Turbo. Rick's Porsche was on A7's and boy he put 'em to good use! Rick's onboard video showed him hitting 71 mph at the end of the straight (yikes!) Rick dedicated his win to the late Pete Smith. If you've autocrossed anywhere in Central Florida within the past several years, you've seen Pete and his black E36 M3. He was always fast and was always a great guy.
- Smoke in the City was there! I didn't eat this time, but I did buy a bottle of water from them. It was delicious.

It was a great day overall and multiple people said it felt like a well-oiled machine. The 4 heats seamlessly transitioned into each other, we got a good number of runs, and even had some fun runs at the end!

Now we go on to the March event, back out at Lake Tech. Join us! March is a much easier word to spell.
