Race Report BY Juney Thompson

April. A month which contains a day completely dedicated to fools. It's also the month in which Federal income tax money is due (or else!). Plus, this month is said to contain weather phenomena that brings about May flowers. And, as we all know, Mayflowers bring about what? That's right... pilgrims. So therefore, an argument can be made that April is one of, if not the, most American months there is! Take that July! Now on to a very patriotic Race Report!

April's event took place at our home, located at 13000 Frankies Road in Tavares. The weather was mighty fine! Old man Mother Nature gave us overcast skies early on but kept the rain away until after the event was over. Then it rained heavily later. The grass was happy about that.

We had a total of 87 competitors with 5 runs each. We even had fun runs at the end! AND we were still done by 3pm! Things are really running smoothly now, what with the preregistration in full effect and signing-in at the waiver station. Good work to everyone involved! Plus, in the spirit of "try a little something new, try a little something different" we introduced canopies at the corner stations. It prompted some good point/counterpoint discussions on the Facespace-bookgram.com, but many folks liked it. Maybe we'll keep it, maybe not.

The course was an exceptionally well-liked design with a cool and non-copywrite-infringing theme! That is to say, the corners were given cool names and it flowed very well. While some of the elements were very open, there were a couple critical parts that had some tight gates. All in all, the layout provided a nice balance of power vs. handling with Miata folks collecting 12 of the top 20 fastest raw times. As for notable in-class and overall action:

- In SMST4, Jefferson Binford barely edged out Terry Glazar by only 0.071 seconds! Very interesting how tight that class has become!
- Speaking of SMST4, the 2018 Tiger Champion, Ryan Speaks... wasn't there! Some say he got involved in a Colombian "business deal" gone wrong and is currently held up in some primitive jungle village until the heat dies down. Or he had something else going on... I dunno.
- I keep saying it, ES is one of the best shows going right now! It's super tight with tons of first and second gen Miatas, duking it out within hundredths of seconds... Until Trevor Renson shows up... Trevor and his weird mid-engine Miata (is that legal in Street?) put a whoopin on the ES boys by nearly a half second. That doesn't seem like much, until you look at gaps between the rest of the ES top 10. Oh, and Trevor wins PAX (which by the way is not real). Having said that, shoutout to Dinesh Ramessar for running second in an ES car that he normally doesn't drive. Nice!
- GS saw a refreshingly stacked field of 8 entries, with Darren Schneider taking the win by a slightly comfy 0.366 seconds!
- CS was a real barnburner with another extremely tight battle between Ken Marion and Robert Palmblad! Marion got the class win, but only by 0.074 seconds! Palmblad dang near got him in his final run, but no cigar. Quite notably, those performances landed those two guys the 2nd and 3rd overall fastest raw times, respectively! Well done, fellas!
- Let's talk about STH for a minute, shall we? So Johnathan Lawson shows up, with a 2015 V-dub Golf GTI. Some people were probably all like, "Oh, yeah a GTI that's nice, I guess". Then Johnathan puts his first run down; a run that would have put him 5th in overall raw time. And then he's all like, "But wait, there's more!". Jonathan goes on to not only win the class, but he lays down the top time of the day! In a GTI!
- For our Novices, Mark Poorbaugh showed up with a shiny 2017 MX-5 and put the hurt on 'em by three seconds! Well done Mark and welcome to regular classing!

I could go on, but that will make the print even smaller as we don't have enough in the budget to give me an extra page...but I can dream...

Join us for our May event! There will be flowers!
