# Race Report BY Juney Thompson

I'm back, family! After a short-lived absence, I have wrestled control of the Race Report away from the evil clutches of Kevin "Scar" Madyda and I am now back to take my rightful place as King. They've already made a movie about it, actually. They just replaced all the humans with lions. I hear it's good... I didn't get a dime, though.

July's event was once again run at our home sweet homeland of Lake Tech. It was hot. And when I say it was hot, I mean it was incredibly hot. Stupid hot. It was also very humid. But, the skies stayed clear, so that's nice. Heck, I think I even felt a small breeze at one point!

The heat didn't keep the competitors away, by cracky! We had a total of 105 competitors with 6 runs each! We started early, which allowed us to get all those runs in and still be done by 3pm-ish. The course layout helped with that efficiency as it allowed for many lap times under 30 seconds with the ability to run some overlap. Speaking of the course, it was a darn fine one! Designed by Trevor "Autocross Jesus" Renson, the course allowed several different lines to be taken. It was fairly simple in overall design, however I heard several people refer to it as challenging. The challenge was picking the right line that worked for both the driver and the car. Some made a wider line work in places, but of course going too wide meant you lost time. It was very fun to watch. Despite all the variables, times throughout the field were staggeringly close. Take a look at the overall Top 20 raw times, for example. 1st through 20th were separated by only 1.1 seconds! Even better, 3rd through 20th – less than 0.6 seconds. I don't recall ever seeing that tight of a grouping.

As for the notable notes:

- Top Time of the Day went to Leland Giddens in the Giddenseses RX-7. Considering how close everyone was, Leland's win margin of 0.256 seconds is really impressive.
- Shoutout to Terry Glazar who ran 2nd behind Leland and took the win in SMST4. Terry's now driving a newer model Evo and looks to be mighty quick in it!
- In CS, Robert Palmblad took the W by only 0.097 seconds over multiple time National Champion Danny Shields.
- 2018 Tiger Champion, Ryan Speaks was not in attendance and hasn't been for some time! I make it a point to write about him in each Race Report, since he's the Champ and whatnot... We miss you Ryan.
- In ES, the excitement keeps on... being exciting! First of all, there were 16 cars in that class. 16!! That's more than 15!! The ES top 10 were separated by just a little over 1 second. 2nd through 6th – separated by 0.237 seconds, total. The winner, the aforementioned course designer Mr. Trevor Renson, won by 0.300 seconds exactly. Trevor also bagged the PAX Top Time of the Day as well. Fun fact: Trevor was the only ES driver in the Top 20 raw times, however ES drivers dominated the PAX Top 20. Awesome stuff!
- What would a July event be without Classic AMERICAN Muscle huh?! In CAM-C, yours truly... got his clock cleaned and finished third. However, the battle for the win was incredibly close as the top 2 stayed neck and neck after each run. Ultimately, Thomas Neubeck and his Camaro 11E took the win in dramatic fashion via a hero run on his last attempt. That run put him ahead of Timothy Engle and his underdog 3V Mustang by 0.231 seconds. I should say, however, that Timothy isn't much of an underdog now, since he's recently added wheels, tires, and a spiffy supercharger to that little crowd-smasher. Great show guys!
- In a very tight Novice group, Scott McGlone and his very racecar-looking Mustang GT took the win over Mark Wild by 0.266 seconds. Great job and welcome to regular classing Scott!

Now we go from a hot day to a hotter day as we move to the August event, which takes place at the Orange County Convention Center North Concourse parking lot. It's the first of a two-month, back-to-back series we call the LAVA BOWL. Why do we call it that? Because, well, it's kinda warm out there. So bring plenty of fluids, some shade, maybe some fans, a large old-timey block of ice, some liquid nitrogen you stole from a laboratory, whatever. Prepare accordingly, come join us on a bigger, grippier venue than Lake Tech, and have no worries. Or, as I was recently taught by my good friends, a meerkat and a warthog; "Hakuna Matata". True story.
