## **Member Stories**

- Erik Mayer went to the Sanford air show. The mass amounts of supersonic jets was incredible. He was dumbstruck by the speed and power of especially the F22
- Nate Adair drove Road Atlanta with the Chin Track Day coupon from Chris Wells. He states Chin track days are serious business, feels like qualifying at an IMSA race. Also states Road Atlanta is a big boy track, and is as fast as others say it is.
- Juney Thompson bought Adam's Sploosh. He claims it is the best money he ever spent. Sploosh is the 95 Ranger racetruck, yes, a truck and nothing else.
- George Bonafede test drove a Tesla. He stomped the throttle during the drive and slammed his head on the headrest close to the point of concussion. He may be buying a Tesla??

# Race Report BY Bob Blucher

Where would the Martin Sports Car Club be in November? The FIRM of course! The weather decided to be nice and stay in the low 80's and overcast. It did rain for a few minutes, but most everyone ran in the dry. 104 drivers showed up and had 5 runs each to get their best time. The course was designed by Chris Wells with input from Gerardo Bonilla and yours truly. It was fast and flowing and most seemed happy with the layout.

There were 11 single car classes. One of which was Elliot Harvey with his trusty and now incredibly old '66 Datsun 2000 Roadster running in CSP. Elliot managed a 62.486 for his fastest time.

There were four two car classes BM, BS, FS, and JA. JA saw sisters Cassidy and Caitlyn Allen battling it out for family honors. Cassidy took the win with a 66.6, just 2.44 in front of her sister. FS was a little closer with Daniel Grigg taking the win in his Stinger GT with a 63.239, just .531 seconds ahead of Patrick Downs in his Mustang GT. BS was some real BS for Heather Hamill and her Boxster as she came in second to Donald Lowe in his Camaro by just over 8 seconds. Donald ran a 58.327. BM, short for B Modified, was won by Mickey Gauldin in his Van Diemen over Dave Welsh. Mickey's time of 56.259 was also the Top Time of the Day.

ES, SMF, STH, and STU all had 3 competitors in each class. ES was not as popular as normal for this event for some reason. Chris Wells took the class win over Scott Swartz with a time of 63.267 with Scott just .479 behind. In SMF Ross Histov took the win in his Cooper S with a time of 67.682. STH was won by Cody Mountjoy in a Fiesta ST with a time of 60.497 over Skyler Gragg just .407 back. STU was won by Tom Jessen in a 2015 435 with a time of 63.794.

Four classes had four competitors each and they were AS, CAM-C, SMST-4 and STS. AS had a good battle between Aaron Stogsdill and Tim Reardon, both in Corvettes, a '17 and '12 respectively. Aaron took a close win with a 59.536, just .248 over Tim. Thomas Neubeck took his 2019 Camaro to the CAM-C class win over Juney Thompson in a '09 G8 with a time of 60.443. SMST-4 was won by Gerardo Bonilla in Harry Corbin's STi with a 57.492, 2.875 ahead of Harry. Those pro drivers can be real....nice! In the Matt Bradford/Nate Adair STS Miata battle Matt took the win with a 62.459, .555 ahead of Nate.

Two classes had five cars each. GS was won by Terry McIntyre in a '19 Civic with a 60.896 over Zac Saubert in a '16 Focus ST running a 64.365. SMST-2 was an incredibly close class. Owen Brock took his '05 Miata to the class win with a 60.575 just beating out Sean Hughes in his '14 Cayman S by .011. Third place just another .083 behind Sean was Justin Hall in his '05 Miata.

If you were at the event did you hear the Screaming Chicken? Well, CAM-T had one and it won the class with Jason McCoy running his 1997 Firebird to a time of 62.266. Second place went to Ricky Frohnerath in a 1996 Mustang Cobra with a 63.029 just .050 ahead of third place Lorenzo Barragan in a 1997 Firebird. The other class with seven competitors was Novice. There were three Corvettes and the rest coming from Japan. Josh Burnham in a '09 Corvette is no longer a novice by winning the class with a 63.826. Christopher Hoke in his 2004 Civic was 1.361 behind Josh, but only .072 ahead of third place finisher Veronica Duys in a 2003 Vette.

CS and DS had eight drivers each competing for trophy honors. In CS Dat Nguyen took a convincing win over Kevin Bonitz, both in MX-5's, with a time of 60.365 to Kevin's 61.461. Another .6 back in third was Don Wright in his Z4. DS was won by Mark Allen in an Escort RS with a time of 61.229 over Phil Currin in an FR-S with a time of 63.134. In third was Mike Greiner in a Focus RS just .538 back. The other class with eight competitors was XS-A, a new class for SCCA and MSCC. This class could replace SMST which is an MSCC only class. Robert Palmblad showed up with a 2020 TT-RS that was the class of the field by running a very close to TTD time of 56.542. Second was yours truly 1.372 seconds behind Robert with a time of 57.914. Ed Vogt was third .179 behind and fourth went to JG Pasterjak with a time of 58.622.

Last, but certainly not least with the largest field of cars with 9 was STR. This was also the battle for Tiger of the Year, the MSCC points championship. Mark Burt and Adam Arencibia-Moore were the ones to beat. Mark was using Erik Mayer's 2016 MX-5 and put it to good use by winning the class by .806 with a time of 58.75 over Adam in his own '16 MX-5 with a time of 59.556. Third went to Erik with a time of 62.62.59 and Hasan Schwandes fourth just .169 behind Erik.

Due to Covid this was one of the shortest racing seasons the club has ever had in its 60 years. That's right, this year is the 60th Anniversary of the club. All that is left for this year is the Awards Banquet and the Pointless Event. Both will be good events to attend. Congratulations to all the class and trophy winners.

As a side note I'd like to thank Zane Plumley for putting together a MSCC iRacing league. During the racing shut down Zane thought it would be fun to get some new blood into iRacing and I for one am glad he did. It has been a blast. Those club members that have given it a try, or are still involved are (and sorry for missing anyone as I'm going by memory) Chris Wells, Mark Burt, Adam Severinsen, Juney Thompson, Leland Giddens, Justin Cady, Maykel Cabrerá, Trevor Renson, and Justin McDonald. There is another group that has joined us and that's the Shut Up and Drive It and most of them were at the FIRM as well. Eric Leitzke, Bradley Alvis, Bjorn Stange, Justin Hall, and Justin Hall, JG Pasterjak, Skyler Gragg. These guys are all class acts and are willing to help with rig setups and driver training. If you are interested contact me, Zane, or anyone I've listed. We would be glad to have you join us.
