Meeting Minutes

Martin Sports Car Club; General Meeting; March 4rd, 2021 @ Patio Grill & Online

Meeting called to order at 7:31 PM by Erik Mayer

Did everyone receive their patters? Mailed Patters arriving in your mailbox soon!

Motion to approve minutes approved!!

Dues are due!

Officer Reports:

VP Report – Matt Bradford

- The February event was moist, how did the safety turn out? Great course designed by Jacob Hardy! Second run group was screwed by rain. We had a mustang spin near the backside curb, rain contributed to the spin and curb contact, but no car or bodily injury.
-

Secretary – Adam Arencibia-Moore

- Did everyone sign the roster? Yes, yay!
- Sports report: NASCAR ran the road course at Daytona. NASCAR made adjustments to the road course following the race to prevent excess dirt spray through the bus-stop, pinching the bus stop with high curbing. Even more exciting, Major League Cricket is coming to the USA.

Treasurer – Stephen Claxton

- Club is in the **BLACK!**

Events Director Report – Kevin Madyda

- February Event Report:
 - Erik wasn't there
 - 66 Drivers; down 55 from last year and 20 off average; 13 no shows
 - Finished at about 1pm with 6 runs each in 3 run groups
 - Rain at the end of the 1st group, the 2nd group had a lot of standing water and more rain, the 3rd group pretty much dry
 - FTD Adam Arencibia-Moore 29.654; Novice Ryan Pagan 33.539; Trevor Wells ran after 2nd group with rain tires 32.644
- Kevin has some other juicy news that is guaranteed to get you excited!
- Registration is open for OCCC! We will be there March 21st!
- 2021 Racing Dates: March 14th, March 21st OCCC (Exhibition), April 11th, Saturday April 24th OCCC (Exhibition) May 9th (Mother's Day), June 13th, July 11th, August 8th, September 12th, October 10th, November 14th, and December 12th (Pointless Event) all confirmed with Lake Tech

President – Erik Mayer

Old Business:

- Dues are due, again!
- **Meeting Locations:**
 - 2021 meeting locations are and continue to be All Patio Grill, All

Meeting Minutes

the time

- April 1st (no, really), May 6th, June 3rd, July 1st, August 5th, September 2nd, October 7th, November 4th, and December 2nd
- **Equipment Update with Mickey/Stephen/Kevin?**
 - Trailer service is complete! Woot!
- **MSSC Competition League iRacing with Zane Plumley**
 - One race left in season 1 in of the first 10 week season, one active member in the hunt for championship. Next season starts on the 24th. A super season is coming up, with two 20wk seasons and only 5 drops. The league is expanding, running between 20-25 drivers, 5 drivers over last year. Active members in the club are having tons of fun, and they are currently working on a rule proposal to make the iRacing contribute to member points.

New Business:

- No New Business

Member Stories

- Kevin saw Travis Turner. Claims he's alive but has zero evidence. Steve Pierce may have seen him too, but this cannot be confirmed.
- Jacob's car got a bruise last Friday, it was the GTI, luckily the G8 was not involved.
- Mark gave a shout-out to Chi with Dynasty Auto, and they gave him an alignment that got him super setup for track/autocross.
- Gene bought a trailer, and the both the Adams are gonna steal it.

Swap Time

- Adam Arencibia-Moore has a set of 245/40/17 Hoosier R7's for sale/free. They are a 2018 date code, have about 5 sessions on them. Plenty of life left. Free to any member, contact Adam for details.

Member Profile BY Chris Wells

Every month we'll showcase one or two of our club members to get to know a little bit more about them. Make sure to say HI to them the next time you see them at one of our meetings or at the autocross.

This month we meet **Rendell (RJ) Aldridge**. You've heard him at our races as one of our announcers and you've seen the 'Land Yachts' he navigates around our courses.

Let's find out more about RJ . . .

Birthplace?

Forest City, Florida

What year did you start racing? November 2018

How did you get into autocrossing?

A friend of mine, Robert D. Soto, not to be confused with Robert V. Soto who races with us! Robert mentioned it one day at church about autocrossing so we decided to participate. The next month, December, is when it rained like cats and dogs. I was on the corner by the trees and I still got drenched.

How many years have you been with the club?

November 2018 till now.

What is your most memorable moment as a driver?

I assume this means at autocrossing events..... So far nothing exciting like crashing into the timing display at the end of a run. It was last month winning my class, which had more than 1 car in it.

What car are you currently racing?

A 2011 Holden Caprice that was imported from Australia for law enforcement. Some times I will run my 1996 Impalla SS that I have owned since 1997. I like big land yachts!

What is your dream car?

When I was a kid I always wanted to have a Porsche 928, but now I am happy with what I have because they are fairly easy to fix and I have no car payments to boot. I did like my first car which was a 1987 Chevy Caprice.

What is the best car you've ever driven?

I used to work at several auto auctions driving cars through the block, so I have driven a lot of cars. However, I was able to drive a trolley car (that is a car) when I was in Colorado as a kid. It was quite awe some, especially the air braking system.

What are your hobbies other than racing?

My late wife, Jennifer, got me started singing with the church choir. I would never have gotten involved but you know how convincing wives can be with husbands. I grew up with all types of animals, but mostly with snakes, (I was once bitten by a 5 1/2 Eastern Diamond Back Rattle Snake) alligators, lizards, salamanders, etc. We used to have a 14ft Burmese Python that we would demonstrate to large children's groups. I have an awesome picture of my wife and I holding him, more like he was draped over our shoulders. Collecting sea shells, trains (model and real) photography, car shows and sharing my faith in God to others who are interested.

What is your favorite food

I like Thai Food, especially Phad Thai with a side dish of rice. Basically anything that is healthy for you to eat. I am a plant based eater. I would say Vegan, but I have leather seats in my Impalla that I'm not giving up. LOL.

What is your favorite drink?

Water

What is your favorite music?

Religious music

Favorite quote?

"If the woman don't find you handsome, they should at least find you handy" or "It doesn't matter if it's duct tape or zip ties....Fixed is fixed"

What is something you cannot live without (not including oxygen, food, etc)?

I can not live without attending church and walk with our Creator in Heaven. Every weekend I visit Lake Apopka Wildlife Drive just to see the animals that God created for us.

What is something you still want to try

I've always wanted to ride in the Goodyear Blimp which is located in South Florida.

Who is your role model?

Here on earth it would be my parents. They have been the best parents anyone could ever have as a kid. My dad has taught me how to become the man I am. Be kind to each other because we all have a story to tell that includes hardships throughout our lives. God is my overall role model that I try to be more like everyday.

Member Profile BY Chris Wells

Every month we'll showcase one or two of our club members to know a little bit more about them. Make sure to say Hi to them the next time you see them at one of our meetings or at the autocross.

This month we meet **Mickey Gaudin**. He's been with our club for quite some time and has held a variety of very important positions (including Club President). Most importantly is his commitment to making sure our timing system is always working and up to date.

Let's find out more about Mickey. . .

Birthplace?

Talladega, Alabama

What year did you start racing?

My first autocross was in 1971 while I was in college at the University of Alabama. My next autocross was not until I found MSCC in 2004.

How did you get into autocrossing?

It was a cold Sunday in February of 2004. A friend (with a Sunbeam Tiger) called and invited Jackie and I to go to the races in Tavares. We joined him (in our Sunbeam Tiger) and went to Lake Tech. The crowd was small and we all stood behind the tower to block the cold February wind. Robert Palmblad was TTD in his super charged Miata. I was hooked!

How many years have you been with the club?

I joined MSCC in 2004 and have missed only three events.

What is your most memorable moment as a driver?

There have been so many (comes with age) but it is probably my last visit to Roebbling Road. Rod #3 in my Miata gave up at 7200 rpm (100+ mph). Three holes in the block on one side with two more on the other side. Ventilated the oil pan which sprayed vaporized oil all over my rear tires. Slip and slide for a few seconds. Not fun but memorable.

What car are you currently racing? My race car du jour is a 1991 Van Diemen

What is your dream car?

Koenigsegg Jesko

What is the best car you've ever driven?

The best car I have ever driven is Harry Corbin's STI. It has a ton of horsepower, gobs of grip and is a real challenge to drive on the edge but it is sooooo much fun. Harry and I cheer each other on and end up laughing till it hurts.

What are your hobbies other than racing?

My hobbies include: volunteering with greyhound rescue groups, woodworking, fabricating unique things and making pens.

What is your favorite food

Baked Sea Bass

What is your favorite drink?

Jaegermeister with root beer

What is your favorite movie?

Once Upon A Time In The West

What is your favorite music?

Rock & Roll and Classical

Who's your favorite artist?

Jethro Tull and The Eagles

Favorite quote(s)?

- 1- People change, just not very much.
- 2- They may forget what you said, they may even forget what you did, but they will never forget how you made them feel.
- 3- You cannot unring the bell.

What is something you cannot live without (not including oxygen, food, etc)?

If I did not have my hobbies to keep me mentally challenged and stimulated, I would go nuts (more nuts).

If you could be somebody else for 1 day, who would it be?

I never really wanted to walk a mile in someone else's shoes but I would like to be Albert Einstein for a day just so I could see how a truly great mind works.

What is something you still want to try? I still want to try a deep fried Twinkie. Who is your role model?

Initially my role model was Mr. Spock. Why?

When I was younger, I really admired Mr. Spock's logical thought and thorough problem analysis without his being influenced by emotions. I tried to emulate that but quickly realized it was impossible so, now I have hundreds of role models, including many friends at Martin. I see traits, characteristics and skills that I admire in many different people. I make that person my role model for that trait or characteristic.

Race Report BY Juney Thompson

March! One, two, three, four... - little military joke there.

And now that we got the A material out of the way, let's get straight down to the business of the RACE REPORT!!

March saw us back out at our Home Casa – Lake Tech! The weather was absolutely beautiful all day and the course was very fun and flowy – designed by our multi-Tiger champion, Mr. George Bonafede. It was exciting and fast! Just like him.

And now for some notes that are notable!

- 2020 Tiger Champion, Mark Burt, returned to his winning ways by taking the top spot in AS. Dan Mulchi didn't make it easy as he kept the gap to a measly 0.233 seconds.

- In CS, we had another close one with Ken Marion winning out over Mark Cather by only 0.281 seconds!

- In GS, Mathew Doctor won a tight battle between multiple Foci and one Civic. And although his last name is Doctor, it is unknown if he is an actual doctor.

- HS saw a great battle among older machinery. Bruce VanHoozen claimed the top prize in his 2007 Civic Si, barely edging out Robert Schroeder in his 2003 Focus SVT (4 door!). A younger me would wanted both of those cars when they were new. The current me still does.

- The STR class was a biggun!! And it was Tracy Smith would showed all those boys how it was done. Tracy was super fast, and had ice in his veins – as demonstrated later in the day when a wayward car slid a little towards to him. Didn't faze him at all.

- In STU, 2018 Tiger Champion, Ryan Speaks, returned from his super secret government mission to claim the win in-class AND the Top Time of the Day for fendered cars. I'm not allowed to disclose the subject matter of Ryan's mission, but it rhymes with bal-ien brashlanding.

- XS-B is certainly solidifying itself as the party class this year. About as wide a spectrum of cars as one could imagine – (Fiat 500's all the way to Dodge Chargers!) Chris Wells continued his strong form by taking the win over the 8 other class entries. Note that gap time, about a second covered the top 5!! Leland and John Giddens took 2nd and 3rd with their Cobra Daytona Coupe. I took a ride with Leland, and yes, it WAS amazing and the most overwhelming car I've ever ridden in. Thank you for asking!

- Chuck Lutz took the overall Top Time of the Day with his insanely fast Shifter Kart. I can't imagine what it feels like to drive that thing. Fast? I'd imagine it feels fast...

- In Novice, we had Amin Meddouch taking the win in his 1991 Miata that had a very cool racecar aesthetic (cut rear bumper, front splitter, big ol' wang – you know the deal). Amin can be very proud that he is now graduated to regular classing and can always brag that he outran a beautiful 2020 GT500, driven by Kevin O'Hara. Although, I don't think anyone can blame Kevin for not giving it all the beans for one of his first autocrosses. Oh, and while we're talking Novices, special shoutout to Alec Veinger for deciding not to run his 1984 Vette and running his black Plymouth Prowler instead. It's not the fastest thing, but dang it looked cool.

What else...? Oh yeah, THERE WAS A SECOND EVENT IN MARCH THAT TOOK PLACE AT OCCCCCCCC!!! WHAT?! That's right! And unfortunately, I don't have much room to include the notes from that event, but let's give it a shot! (Deep inhale)

- It was a lovely day. We had a great turnout and the course was a great one designed by our own Adam Arencibia-Moore. It was a pointless event, so naturally...
