Welcome to the Martin Sports Car Club's

DRIVER SPOTLIGHT

Every month we are showcasing our club members to get to know a little bit more about them. Make sure to say *HI* the next time you see them at one of our meetings or at the autocross.

This month we meet **Don Cross**. He started autocrossing in 1974 and even took Top Time of Day at his first event!!! Based on the car he currently is driving, his dream car and best car he's driven . . . He definitely likes Porsches. Don also participates with the Florida Citrus Region PCA autocrosses and SCCA Autocrosses.

Let's find out more about Don . . .

DON CROSS

This Guy Loves Porsches

Birthplace?

Rapid City, South Dakota

What car are you currently racing?

2008 Porsche Boxster S

What is your favorite music?

'60's Rock. Blues and Smooth Jazz

What year did you start What is your dream racing?

1974.

car?

Porsche 911 Turbo S Cabriolet.

Who's your favorite artist?

Joe Bonamassa

How did you get into autocrossing?

A friend suggested I come with him to an event run by Shenandoah Sports Car Club in Virginia. I was instantly hooked!

What is the best car you've ever driven?

A tie between a Porsche Cayman GT4 and a Porsche 911 GTS... both were, to me, automotive perfection in performance and driving pleasure Porsche.

Favorite quote(s)?

"Was it it over when the Germans bombed Pearl Harbor?"

~ John "Bluto" Blutarsky (Animal House)

How many years have you been with the club?

Since 2013.

What are your hobbies other than racing?

Boating, Tennis and water sports, before I got "old"...

What is something you cannot live without (not including oxygen, food, etc)?

Dogs!

What is your most memorable moment as a driver?

My very first Autocross in 1974, I took top time of the day - in, of all things, A VW Dasher part of the course was loose gravel, no other car there had front wheel drive, only I had grip, and managed to stay ahead of a lot of better drivers in better cars!

What is your favorite food

Sushi.

What is your favorite drink?

Gin and Tonic.

What is your favorite movie?

An Officer and a Gentleman.

If you could be somebody else for 1 day, who would it be?

Joe Biden, so I could attempt to repair damage done to our country.

What is something you still want to try?

Maybe Sky Diving.

July 10th Race Report

July. The month in which we told England to shove it. The month where we celebrate the independence of our nation by blowing up a small part of it. Hopefully all of you have the same amount of fingers that you had on July 3rd. If not, well, fingers are overrated anyway. Speaking of explosions, here is another explosive edition of the Race Report!

Our July event took place at our lovely summer home of Lake Tech. The course was an absolute banger! It was a modified version of a course from our PCA friends, brought to us by THE Mr. Don Cross. After some tweaks by our Events Overlord, Kevin Madyda, it was one for the record books. It featured a loop-ish kinda design that reused the old skidpad area, but had you enter into that area with two different angles and speeds. The tighter turns kept the speeds in check while the small straights kept things spicy. Nice one, Don and Kevin!

The weather was hot, let's just get that out of the way. However, we had the best luck with rain that I've ever witnessed at Lake Tech. Deep into the 2nd heat, them-there storm clouds came a-rollin in. Then the wind picked up. Then it started to sprinkle. Then the sprinkles intensified. Then it stopped... And that's it. At one point, it looked like most of the area immediately surrounding the facility was being rained on heavily. But, our plucky band of autocross nerds didn't even get enough sprinkles to really effect the track surface. It was glorious. Special shoutout to whatever deity was in charge of the weather that day!

And now, here are some things that may or may not have happened, depending on who's asking:

Top Time of the Day was won by the always speedy Ian Stewart in his monster racecar C5. Ian was inching closer to the TTD with each run, which was held at that time by Mr. Robert Palmblad. As Ian approached the starting line to take his 4th and final run, those sprinkles that I mentioned earlier had intensified. It was high drama and live action all rolled into one! When Ian crossed the finish line, there were several claps from the spectators. Side note, Ian posted the video from that run to the MSCC Group Facebook page. He was over 75% throttle for a whopping 0.8 seconds during that run. Lolz.

Top PAX, and nearly the TTD, went to a Porsche! Carlos Morales decided to slap some new wheels and RT660's on his beautiful 911 and proceeded to throw down some mega runs! Carlos's 3rd run time of 44.173 was only 0.052 off lan's best. Wow!

Staying on the fastest folks for a bit, Robert Palmblad took 3rd in overall

BY Juney Thompson

Raw Times. But it's worth noting that he only made two runs. A mechanical gremlin forced Robert to park his hotrod Miata after an issue in his 3rd run. But, that second run was enough to be 3rd in Raw Time AND take the win in a very strong XS-B class.

Quick shoutout to 2nd place in XS-B, Doug Lofreddo, who found some serious speed in his gorgeous \$2000 and darn near took the class win from Robert!

During our novice walks, Chris Wells always talks about how positions can be decided by thousandths of a second. He is absolutely right! In HS, Bruce VanHoozen took the win over Nick Strosnider by... wait for it... 0.009 seconds!! For those that like math, if both cars were traveling at 35mph, it means that Bruce won by 5.544 inches!

In an always stout STR field, Richard Boggs took his first Martin class win! And he did it convincingly with a 0.467 gap to Kevin Madyda! Great stuff, Richard!!

In ES, the always fast Don Wright took the class win. However, Eric Orr and his new tires gave him a serious run for his money. Per Eric, this is the first time he's run tires that were made in the same year he's autocross them. I should also mention, Eric is a connoisseur of fine motor cars (Crown Victorias). So he's alright by me.

In AS, George Bonafede took the class win in strong fashion. Considering he's running the Kuhmo V730's, which aren't necessarily the top tire nowadays, that's pretty darned impressive!

In Novice, we had a great Corvette battle in the 2nd Heat. Brian Weddle took the lead over John Gillis on his last run. However, things stepped up a couple levels in the 3rd Heat. Julio Camacho jumped to 2nd with some quick runs in his Miata. But it was Bradley Jones and his awesome Lotus Elise that took the overall Novice win! Congrats Bradley, and welcome to regular classing!!

And that's a wrap on our July Race Report. Be sure to join us in August as we venture over to our other summer home - the Orange County Convention Center!! It's always a big event and brings in a lot of folks. See you there!!
