- Club insurance is in the works, Hagerty is no longer doing Motorsport coverage but we're helping us get a new provider but the process has been slow on the insurance end despite the club providing all information that's been requested. Currently the policy is good until Jan 9th. Club is working with the 3rd company in getting insurance worked out. It's possible there might not be an event on the 15th due to the insurance issues.

January 15th Race Report

Ah, January. A word that was first created by the ancient Mesopotamians. Loosely translated, it means, “The beginning of time in which he who has his crops in order shall flourish and live joyously while he who does not shall be forever tormented by Nergal, the god of death, pestilence, and plague. Now, some historians say that I totally just made that up. Others say that I am 100% incorrect. The world may never know the actual truth.

Where was I? Oh yes, the RACE REPORT! We had a tremendous first event of the 2023 championship season! It started with a tremendous turnout at our home base, Lake Tech! 113 brave souls came out to kick the season off right! One of those 113 was apparently Old Man Winter, as it was quite cold and breezy - especially in the morning. Those in the first “heat” (pun!) got to experience the joy of running 200tw tires that perform like 500tw tires due to the cold. The second heat got a little warmer and the third heat enjoyed some better conditions.

The course was a great one! It allowed great flow and got everyone through the day quickly. Those that were able to put the power down out of the tighter turns benefitted greatly, as grip was hard to come by. Also, fortune favored the brave on the back straight while navigating the little chicanes/mini-slaloms. Good stuff all around! And here are some things that happened:

Top Time of the day went to a name we don't normally see! Kalen Hill eked out Leland Giddens with his 1986 F500! Very impressive indeed! “For the glory of F Mod!!!!”

It was a Caterham/F500 top four with John Giddens right behind Leland in the Caterham and Tom Buckhorn and the F500 just a few hundredths off John!

Top PAX and the fastest non-open-ish wheel, “normal” car belonged to Mr. Ken Marion! Ken has been on a tear as of late in STR. In this event, he took the class win by nearly a full second! Word has it, he can probably beat most other drivers with only one hand on the wheel! What's that?... Oh... Correction, he DID beat most other drivers with only one hand on the wheel. If you've seen his video posts on Autocross Buddies, his driving style is

BY **Juney Thompson**

certainly not “traditional”. However, it’s hard to argue with success!

It should be mentioned that Ro Janssen was 2nd in PAX with and HS Honda Civic! Ro was putting in some great times with the little “civilian spec” Honda!

In-class battles saw some great fighting! In AS, Dan Mulchi JUST edged out Andy Seipos by a mere 0.046 seconds!

But that wasn’t the closest! In FS, Geoffrey Straubinger and his GORGEOUS green Mach 1 Mustang took the win by... wait for it... 0.024 seconds!! Nelson Nunez gave it a great shot by closing the gap in his final run, but it wasn’t quite enough. Fun fact: If both cars crossed the finish line at 35mph, that time gap would have them separated by less than 15 inches!

Special shoutout has to go to Vincent Valda and his Audi RS6 WAGON rocket ship! Vincent wheeled that behemoth to 10th overall in Raw Time! That’s a lot of car to get moving that fast and Vincent does a wonderful job of it!

Another special shoutout to Kevin Madyda. He loudly predicted his co-driver, Matt Bradford, would spin Kevin’s Miata on his first run. Matt did not spin. But Kevin’s a good friend, so he spun on his first run to show Matt that it’s ok to make mistakes. It was a powerful display of camaraderie and bad driving.

Our fastest Novice was Beau Beery, taking with top spot with a car near and dear to my heart - a 2007 Miata! Great work Beau, and welcome to regular classing!

It must be said, though, that our second place Novice, Ryan Walters, certainly deserves some spotlight. Ryan took second in an Infinity Q60, on his last run, which was his only clean run! Basically, he figured it out and put it down proper on the final try.

Awesome!

And that will bring our first Race Report of 2023 to a close. What new and exciting things will we see this year? Well, as the ancient Mayans said, the world is gonna end in 2012... Wait a minute...
