February Meeting Notes

Meeting called to order at 7:30 by Kevin, not Chris! Who's acting as the presidential intern.
Did everyone receive their Pit Patters? All but Sean
Motion to approve the Minutes? Yes Second? Yes. All in favor? Yes Opposed? None!

OFFICER REPORTS:

VP Report – Matt Bradford

January event was at LCTC

No issues to report at the last event, safer than last month!

Secretary – Jacob Hardy

Roster? All but Sean and Matt signed but figured it out Jokes? No jokes, they were ruined by Adam... Other Secretarial business? None

Treasurer – Victoria Edstrom

Financial report

Made over \$3400 from the January event

Over \$1k in member dues

Over \$4k in revenue for the month

Club is in the black!

Events Director – Kevin Madyda, Senior

Discussion about the January event and the upcoming events.

total 113 drivers at the event with 18 novices, 32 over the average with 5 runs and finished around 3 pm

FTD was NOT won by Leland! FTD was taken over by Kalen Hill in F-Mod

Future Events

Feb. 12th @ LCTC

Event Hosts: Jacob, Diana, RJ, and Gene

Feb. 18th @ OCCC "Night Event"

We'll be in our normal parking lot and the same one we used last year.

Starting around 3:00pm and running until 11:59pm.

Erik will be the host for this event and we're looking for volunteers.

Mar. 12th @ LCTC

Event Hosts: Jerry, Dan, Harry, and Shane

April 2nd @ The FIRM

Event Hosts: Erik and the Edstroms, David Thierer

May 14th @ LCTC - Mother's Day Event

Event Hosts: Scott Swartz

June 11th @ LCTC

Event Hosts: Matt Smith

Went over the extra lighting for the night event. Club was buying glow stick bracelets to put on top of the cones to help the corner workers see the cone. Scott had brought of using the puddle closet lights which was considered but worry of the light shattering with cleanup time

President – Chris Wells (unable to attend)

Old Business:

DUES ARE DUE by the March Meeting!!!

I have several membership forms available, or you can login to our website.

You have until the March general meeting to get your active member points retro-active.

Equipment updates with Mickey Gauldin - all is good

Website updates? Scott or Stephen?

Style changes have been completed and the menu is getting reorganized

Past race results are now on the website along with the Pit Patters

Autocross School:

No updates, but we are going to do our best to have one next year.

New microphones were purchased but we are having issues getting both to work.

Reset the amp to factory settings at the PCA autocross and we were able to get both mics working. 1 mic can be heard through both speakers. 1 mic can only be heard through 1 speaker.

We are scheduling a service tech to look at our setup and see if they can fix it. They will be at our event at 8:00 on February 12th.

Meeting Minutes

New Business

Trailer maintenance:

Mickey pointed out that our trailer rear door has wood rot.

This will take some time to repair, so we are looking at doing this in April after the Firm event before the May event

We'll have to unload the trailer into a POD at LCTC while the trailer gets repaired.

We'll also look at getting the graphics updated during this time.

We'll also need to do a full inventory of everything in the trailer for insurance.

The trailer did receive its new electric trailer jack which Adam installed, Chris bought the old jack from the club

State Champs will be held by the club in 2024

Committee to be formed later this year

There will be an entry fee increase by \$5 for members and non to help offset the insurance costs. Chris had been going back and forth on getting the new insurance policy which had been signed but as of the February meeting, they have not billed us for anything yet but have bonded us for insurance

Possible new meeting location at Duffy's in Altamonte but concern was trivia night. Meeting would be held in the room to the left of the bar. Still unknown if the sound for that room would be able to be turned off.

March 2nd meeting has been confirmed to be at Duffy's

Matt announced a new member benefit at the meeting. MSCC is now setup as a Commercial Account with Advance Auto Parts.

Purchases have to be made in store, this is not available online.

Have to tell them it's being bought under a commercial account of Martin Sports Car Club. There is a required PO in which you give them your name (just for record keeping) and you still have to pay

Member Stories:

Jacob told the story of finding his old G8 at Mecum in January with the mileage rolled back from around 190k miles to about 13k miles. Was sold to a friend of June's who later sold it to his dad to buy something else. That person was a used car dealer, a very shady one, that had changed the mileage on the car to appear VERY low mileage to sell the car. Reserve on the car was \$16k but only got up to \$15k and didn't sell due to the owner not being there to represent the car. Was a very sad way to see the car again and felt violated for the car's mileage being rolled back, especially to less miles than it had when he bought it in 2010

Kevin (Story #1), after 7 years, found out the shocks on his Miata were bad and 3 were completely blown. Kevin also states that the reasoning for him spinning at a prior event. He now has a brand new set of coilovers on the car and the car runs unlike Matt's Miata which does not. (Story #2) Past and present MSCC members participated in the iRacing Rolex 24. It was Kevin, Shane, Zane, Chris, Banana man, and Tom Jessen. Finished around the middle, 30 laps down and blamed Tom for the laps down and crashes as he got stuck hitting the cars. No issues after Tom was out of the car. Will be doing the iRacing 12 Hours of Sebring in the future.

Juney asked about the Dixie event in March, asking for lodging information.

New Members: None

Members in attendance: 18

Guests: 6, 7 with the mysterious Jim Shorts

Swap Time: Kevin has 1 good shock and 3 bad ones up for grabs for an NA Miata

Motion to adjourn the meeting at 8:07 PM

Second? Yes

February 12th Race Report

Ah, Feb-roo-wary. An interesting time of year in Florida. Sometimes it's cold, sometimes it's not. Sometimes it rains, sometimes it doesn't. And all of that happened during our February event this year! Read on for some exciting weather action in this month's Race Report!

The forecast for this day at Lake Tech was for a bit of a chill, a few clouds, maybe a little breeze, and that's about it. Well, old man Mother Nature felt the need to go above and beyond. It became cold, windy, and rained every now and then - just enough to be annoying. But such is life in the big city... Luckily, the event still went incredibly well, thanks for our big ol jerk of an Events Director and a course design that, as the kids say, "slaps". It was a mighty fun course with some flowy bits, some speedy bits, and some slalomy bits - everything you could want!

Here are some notes that I noted before my notebook flew away in the wind:

We now have two working microphones!! And they are LOUD!

That's right, friends! Now you get to be forced into listening to electrifying autocross commentary by TWO announcers! And better yet, its at a volume level that you simply cannot ignore!! Erik Mayer and I are working on a wacky radio style duo-host name. Right now, we're torn between JT and Flatspot OR Weenie and The Buns... Official name is TBD...

Top Time of the Day went to a repeat offender!! Tom Buckman and his F Mod F500 took top honors at the January event and backed it up in this February event!! Mickey Gauldin was 2nd overall in his Van Diemen, with John Giddens in the Caterham 420R a very close third! In speaking with F1 World Champion Nico Rosberg, he expressed concern that John and Leland Giddens careers may be over! He also reminded me that he once beat Lewis Hamilton in equal machinery, but that's beside the point.

Top PAX went to... a new challenger!!! THE Mr. Scott McGlone took the top PAX spot and finished 6th in Raw Time!! This is a first for Scott, who has come so far in his driving prowess, especially within the past few months! Great work, Scott and I now know to stay the heck away from the STU class!!

BY **Juney Thompson**

Dan Mulchi gave Scott a close run, finishing 2nd in PAX, with our El Presidente, Chris Wells, 3rd in PAX!

It should also be mentioned that Chris was driving Erik Mayer's car and drove it to the win in a very closely fought STR battle. When Chris crossed the finish line with his winning run, which was also his last run, the crowd did in fact go wild.

in CAMT, we had an amazing 3-way battle for the win with Derek Stewart, Lorenzo Barragan, and Adam Arencibia-Moore. At one point, those three were separated by less than a tenth of a second. After the 4th runs, Lorenzo and Derek were both tied for the lead, down to the thousandths of a second!! However, in the end, Derek threw down a great final run in his 2JZ powered Dart to take the class win. Terrific stuff!!

Another very impressive showing was made by Eddie Molina in his beautiful Audi R8. Showing up to an event in a car like that puts you in a tough spot. To the casual spectator, you're expected to be one of the fastest. However, typically, this is not the reality as autocross requires a specific skill set. And for Eddie, although he has autocross before, it's been 13 years since he last dodged cones. Well, fortunately, Eddie has a good memory because he and that Audi were rippin! Eddie put on a great show and made some great progress on each run.

In Novice, Nelson Yu took the win in his electric powered Bimmer i4! Great work, Nelson, and welcome to regular (electrified) classing! It should be noted that there was a great second place Novice battle between Levi Willeford and Jason Clark, with Levi holding on to that 2nd spot by a scant 0.012 seconds!

A week after the February event, we had a Night Event at the OCCC! Unfortunately, I was unable to attend, as I am afraid of the dark. However, I heard it was a wonderful event with some cars featuring some very special lighting schemes. Check out the pics on our Facebook page for that.

And that will bring our Race Report to a close. Join us in March when we return to Lake Tech, hopefully under better weather circumstances. See you then!!
