Meeting Minutes

Martin Sports Car Club May 4th Club Meeting

Meeting called to order at... 7:32 PM

Did everyone receive their Pit Patters? Yes, but despite Erik having the dates and location mixed up, people still showed up to the correct location and date/time! Kevin was very surprised to see a picture of his car, with him not driving it, getting air at The Firm.

We had a small celebration for our wonderful events director birthday with an awesome gift from Erik and Allison which has to be worn to all future events

Motion to approve the meeting minutes from last month? Second? All in favor? Opposed? - All approved by those in attendance

We finally have an answer to the age-old question of "What came first? The chicken or the egg?". Mickey gave us the answer! "What came first, the chicken or the egg? The chicken has to come first, you can't have a potential chicken before you can have a real chicken."

Officer Reports

VP Report - Matt Bradford

- There was no event since our last meeting, so it was safe!

Secretary Report - Jacob Hardy

- All signed the roster

- Chris told the joke for this month "What's the difference between an alligator and a crocodile. One will see you later and one will see you in a while"

Treasurer Report - Victoria Edstrom

- Club spent money on the trailer and condolence flowers for the Knerr family.

- We still have money!!

Events Director - Kevin Madyda

- May event was canceled due to the resurfacing of Lake Tech

- June 11th at Lake Tech and Moms will still race free as the Mothers Day event was canceled

- Still working on dates for the remaining of the year at Lake Tech

- June hosts Matt Smith, Kevin, Tim, and Aaron

- May hosts moved to July's event Scott, Don, and June

- October 15th OCCC Hosts, Sean, Adam, Erik, Scott

- August, September, November, December hosts are still needed

President - Chris Wells

Old Business

Equipment Report with Mickey

- Equipment is still good as there was no event last month

- Lake Tech is looking better than ever before after the repair, a nice uniform color of black.

- Due to the cure time for the asphalt, total time anywhere from 6 months to a year, and the summer heat to consider, there were concerns about being back after the fresh pavement.

- Chris to reach out to Orange County to future dates

Website Updates - No updates from Scott

Trailer Maintenance

- Wood for the rear door has been replaced with pressure treated, weather rated, plywood.

- Trailer axles received new bearings, races, seals, and grease.

Meeting Minutes

- Source of the water leak above the door seemed to have been found due to the trailer marker lights being loose and allowing water in. Any and all loose marker lights have been sealed to avoid further water intrusion
- Insurance for the trailer is still ongoing but has not been pursued recently but will be investigating further
Autocross School
- Not much of an update, but we may have been working on possibly reorganizing the format
- Looking to take place in the fall

New Business

- Grassroots Motorsports is really looking forward to the club's participation in their upcoming \$2000 Challenge
- Next months meeting will be at Patio Grill in Sanford, will update if anything changes
- Chin Track Days is trying a new event called "Taste of the Track" (it's not like the Epcot Food and Wine) where an individual that is nervous about their first track day has the opportunity to learn the ways of the track. Starts out in the morning with a classroom session then moves to the Skip Barber wet skid pad for slalom training, then it's back to the classroom to discuss the dynamics of what a track event is going to feel like. Club will be donating about 12 cones or so to Chin as they are using the normal construction type cones for these events.
- Proposed MSCC Rule Book Changes:
 - Matt to discuss regarding the minimum age for a driver/participant at our events
 - Need to vote
 - If passed, the Minor Waiver will need to be updated - Erik M to handle (Erik from the future says he did with his usual tendency to make it more complicated in a way nobody will notice)
 - Motion passed to update the driver rule via a unanimous yes

Member Stories

VP Matt told the tale where he and his old lady were driving home in the giant new truck and the car in front of them pulled into the left turn lane then right as they're making a left turn and he shoots over to the right to make a right turn, ending up in the same lane as Matt. There was a car at the stop light in the other lane, the old lady started freaking out and he goes into the intersection and was able to go right to left around the other driver and she wanted to pull over for a second but Matt was fine. Matt doesn't think he would have the reactions that he's got now if this happened like 5 years ago and this would've ended up differently.

New Members - None

Members in Attendance - Kevin Stanaland, Tracy Smith, Dan Mulchi, Scott McGlone, Erik Mayer, Sean Hughes, Mickey Gauldin, Tim Eagle, Olivia Edstrom, Mikael Edstrom, Don Cross, Harry Corbin, Stephen Claxton, Shane Brown, Adam Arencibia-Moore, RJ Aldridge, Chris Wells, Kevin Madyda, Jacob Hardy, Victoria Edstrom, Matt Bradford
