### **April 2nd Race Report**

June. Its summer, friends and neighbors. As I write this, I am sitting on one of those olde timey big ice blocks that they used to deliver to restaurants and bars a hundred years ago. It's helpful. But still, it's hot outside. The only thing hotter than the air is the competition that we experienced this past month. Read on for another sweltering edition of the RACE REPORT!

We had ourselves a mighty event at the FIRM this past month! Even though this location is a bit farther north than we normally frequent, the weather was still very warm. As the first cars rolled out, the ambient temp was around 78 degrees. But thanks to humidity levels nearing 90%, it felt much hotter. That humidity did fall a bit throughout the day, but the temperature continued to climb to 90 degrees by the time we ended the day.

The course was a banger, which is completely on-brand for the FIRM. We utilized a counterclockwise course layout, which we haven't done for some time. You folks that were around back in the 2018 (before the plague) may recognize a large portion of the course as it shared a lot with the 2018 State Champs layout. This layout included a Chicago box at the far end, before the hairpin, as well as a treacherous, blind, downhill final section before the finish line. This section brought about some exciting saves and... not saves... by our competitors throughout the day.

Here are some of the wonderful things that I witnessed before I fainted from the heat:

- Leland Giddens and the Giddens Caterham was once again our Top Time of the Day winner. He's an animal, this guy. And, just like he did in April, he took that top spot by over a full second. Leland's time of 53.044 beat out 2<sup>nd</sup> place's Craig Tomeo and his GT4 by 1.287 seconds! John Giddens took 3<sup>rd</sup> in Raw Time in that same Giddens Caterham.
- Shoutout to Craig, though, because he took top PAX in his GT4! Dan Mulchi found himself in a Porsche PAX sammich as he took 2<sup>nd</sup>, right in front of Carlos Morales in his beautiful Carrera GTS in 3rd.
- In CS, we had a great battle, with Vivek Krishna throwing down a great run in his  $2^{nd}$  attempt and holding on to take the top spot. Kevin Bonitz gave it a good go on his last run and drew inside of 2 tenths, but it wasn't to be.
- In ES, "Fast" Phil Currin lived up to his nickname and took first place honors against an always sporty Scott Swartz.
- In FS, Donald Lowe continued to show how he is some sort of superhuman. For one thing, he was wearing black in the scorching heat. For another, he drove his bitchin Camaro to a 1+ second class win over a

very fast Desmond Au in his German War Machine. Funny note, in timing, the names got switched up between Desmond and his co-driver, Vivian Liu, during the heat. Desmond performed a great save in the treacherous final sector, but we thought it was Vivian driving at the time. For the sake of all future conversations, it was Vivian driving. Great save, Vivian!

- HS was the home of the Edstrom family! Mikael took the class win over Olivia and Tessa. Although Olivia got the most style points with her first run.
- In STR, Ken Marion continues to drive faster with one hand than the rest of the field does with two. And he did it by 2.099 seconds over Gene Van Glahn. Goodness gracious!
- In STU, we had an EPIC battle between codrivers! Bjorn Stange and Justin Hall were both running Bjorn's M3. From run #2, they continued to trade the class lead back and forth with each one besting the other by 4-5 tenths each time. In the end, it was Bjorn who took the win over Justin, but man what a battle!
- In CAMC, a newcomer to our group, Chris Henthorne, drove the wheels off his well-prepped, but underpowered, 3V Mustang to take the class win. He is a force, for sure. A special tip of the hat should also go to our big giant battle-axe of an Events Director, Kevin Madyda, who drove the Llamastang to an incredibly impressive 2<sup>nd</sup> place.
- For our Novices, Parker Merrill and his (IS THAT A) Supra put a spankin on the field to take the win by nearly a second. Great work, Parker, and welcome to regular classing! Some honorable mentions should also go to our 2<sup>nd</sup> and 3<sup>rd</sup> place Novices, Josean Garcia and Jeramiah Ludwig, who were only separated by only 0.003 seconds! And that was decided on both of their last runs! Incredible! Plus, let's not forget one of the true American heroes, Rick Kelley, who brought out an oval track prepped Crown Vic, complete with side exhaust. He didn't win the class, but he won our hearts.

And that will bring our Race Report to a close. I have plenty of other things I could write about, but my pants are now soaked... and it ain't from the block of ice... Join us at our next event in AUGUST (that's right, no July event!) at the Orange County Convention Center. It will be hot, so bring your ice block!
