Meeting called to order at... 7:32 PM

Did everyone receive their Pit Patter? Nobody got a Pit Patter but, yes, everybody in attendance got this month's edition of the Pet Patter. Many thanks to Allison for giving Erik the idea of doing the Pet Patter since there was no event last month.

Motion to approve the meeting minutes from last month?

Yes? All in favor? Yes - Opposed? No! Except RJ who did not

Officer Reports

Vice President Report - Matt Bradford

No event in July - Anything to discuss?

"Did everybody have a safe drive here? Yes? Good!"

Secretary Report - Jacob Hardy

Actually, I had a joke this month! "I went to a drag race last Saturday, but I still can't believe the guy in high heels won..." Fantastic joke but went completely over the head of some in attendance. Per Chris, one of the best that even trumps Adam's jokes.

Did everybody sign the roster? Yes

Treasurer Report - Victoria Edstrom

No Updates

Last month, I told everybody about Ryan Speaks and the wristbands we were getting for our club members. The lady providing them had to order a bunch more and will send them to me (Chris) early this month. We're getting 50 to hand out.

We have mentioned previously that our next event at Lake Tech will be in November. Well... When we tried to book the date, I was told they are not allowed to book any events due to repair work needed on the new surface. Mickey will explain, but the good part is.. **we didn't cause the damage!**

New Business

2023 MSCC Awards Banquet

We are now on the books at Andretti's (same location as last year) for December 3rd

It will also be in the same room that we had last year

Menu selection should be about the same (no pizza), but the 'per person' cost has not been released to Andretti's. Their head office has not released "Holiday Pricing". The board will review the contract and see if any changes need to be made from last year.

Arrival will be 6:00 - 6:30

Dinner & Awards Ceremony will be 6:30 - 9:00

Karting will be 3 sessions from 9:10 - 9:40

We may be adding 'Arcade Time' from 9:00 - 10 (price dependent)

The Race Report

Ya know, it's very hot in Florida during the month of August. Thank you for coming to my Ted Talk.

But seriously folks, our August event at the Orange County Convention Center was a scorcher. It was typically humid and hot in the morning and only got hotter throughout the day. Weird, right? The day started around 80 degrees with approximately 88% humidity and then climbed to around 90 degrees... before the monsoon came.

However, our little competition was NOT affected by said monsoon due to our Big Ol' Battleaxe of an Events Director deciding to limit everyone to 4 runs. Although we typically try for 5 or more, this decision proved wise as we were able to wrap things up about 5 minutes before the clouds opened up. Unfortunately, the folks who stayed behind to clean up got a bit damp. They are all champions for making sure everything got packed away and nothing got left behind.

The course was an all-time great. Designed by Adam Arencibia-Moore and Kevin Madyda (aforementioned Battleaxe), it allowed great flow and multiple lines while being tight enough to make things tricky. Certain elements would set you up for the next 2-3 elements. So, if you got the first part wrong, you would likely continue to lose time. However, if you got it right, the stars shone down upon you and whatever deity you believed in smiled while telling you that you were their most wonderous creation. True story.

Here are some things I observed before we got rained on:

- Top Time of the Day went to John Giddens in the Caterham. Two fast things (John + The Caterham) equals one really fast thing. Its science.
- Top PAX went to Ken Marion and his 2019 Miata. It should be mentioned that he also won STR by a whopping 1.276 seconds over an always quick Gene Van Glahn. Bonkers!

BY Juney Thompson

- Our closest class battle was won by Steven Hughes in STX. He and his FRS Hitbox (Get it?) took the top spot in his final run by a mere 0.089 seconds over Ed Vogt.

- Jason McCoy is a wild man. His outfit for this event looked like a million bucks. Well, maybe about \$2000 if you counted all the hundred-dollar bills. And his driving certainly got everyone's attention on his first run as he slid into the finish and booped our timing box. Luckily, there was no harm and things continued with Jason taking the win in XP over Jerry and Matthew Bryant.

- On that note, great to see Jerry back in a car after having recent heart surgery. He's very proud of his chest zipper. I've seen it at least twice.

- Our Novice Class was won by Brad Christian in Ricky Frohnerath's Tesla M3P. Ricky was throwing down some great times in the EV class and Brad wasn't too far off. Brad put a hurtin on the big Novice field by 1.574 seconds! Great work, Brad, and welcome to regular classing.

- Shoutouts should also go to Christopher Pierro and Julian Alfonso – both Bimmer boys – who took 2nd and 3rd in Novice. They were only separated by 0.099 seconds in the battle for 2nd. Great Stuff!

- A final shoutout to Adam Arencibia-Moore for winning the CAMC class and then taking our OCCC liaison, Andrea, out for a lap after the competition ended. It was a great PR move for us as a club and he still ran a lap that time would've won the dang class. Andrea was all smiles.

And that brings this Race Report to a close. Join us as we're back out at OCCC in September. It'll be two days after my birthday, so any and all presents will be accepted. My shirt size is C6 Grand Sport manual in silver or white.
